OFFICE OF THE SUPERINTENDENT OF INSURANCE,
OTTAWA, July 5, 1909.

To the Honourable
W. S. FIELDING,
Minister of Finance.

SIR,—I have the honour herewith to submit the statements in detail of Insurance Companies for the year 1908, together with such an abstract and analysis of them as appeared proper to exhibit the progress of the business and the conditions of the companies.

FIRE AND INLAND MARINE INSURANCE, 1908.

During the year 1908 the business of fire insurance in Canada was carried on by 53 companies; of these 21 were Canadian, 18 British and 14 American. Inland marine insurance was also transacted by 7 of them (2 Canadian, 2 British and 3 American), and ocean marine by two of them (both Canadian). This list of companies differs from that of the previous year by the addition of three companies, one Canadian, (the Pacific Coast Fire) and two American (the National Fire and the Springfield Fire and Marine). Three British companies (the British and Foreign Marine, the Marine and the Ocean Marine), are licensed to carry on the business of inland marine insurance and the business of insuring registered mail matter in transit from place to place in Canada, and two of them (the British and Foreign Marine and the Marine) did inland marine business during 1908.

Since the beginning of the year a license has been issued to the Occidental Fire Insurance Company.

FIRE PREMIUMS AND LOSSES IN CANADA IN 1908.

The cash received for premiums during the year in Canada has amounted to \$17,027,275, being greater than that received in 1907 by \$912,800; and the amount paid for losses has been \$10,279,455, which is greater than that paid in 1907 by \$1,834,414. The ratio of losses paid to premiums received is shown in the following table:—

The loss rate for 1908 (60·37) is 4·71 below the average for the forty years over which our records extend.

Obtaining an approximation to the losses incurred during the year, by excluding the payments for losses outstanding at the beginning of the year, and including the amounts estimated for those of the year still unsettled, the ratio of the losses incurred to premiums received comes out 60·77 per cent, which is 6·75 per cent greater than the 54·02 of the previous year, and is 2·15 per cent less than the average for the last fifteen years (62·92). The following are the rates of incurred losses from 1894:—

The corresponding rates for 1882-3-4-5-6-7-8-9-1900-1-2-3-4-5-6-7-8-9-1900-1-2-3-4-5-6-7, are \$5.68, \$5.56, \$5.37, \$4.54, \$5.48, \$5.70, \$4.70, \$4.19, \$4.84, \$5.33, \$5.61, \$6.17, \$5.50, \$5.75, \$5.15, \$5.38, \$6.20, \$4.99, \$8.38, \$6.68, \$4.06, \$5.22, \$12.05, \$4.88, \$4.97 and \$5.69 respectively.

The losses are, however, as usual, distributed very unevenly among the different companies, as appears from the following, computed on the above basis; where for convenience of comparison, the corresponding rates for 1907 are appended within parentheses:—

BRITISH FIRE COMPANIES.

The total cash receipts from premiums (including the inland marine business of the Commercial Union and the Alliance) were \$9,961,376, being an increase of \$658,470, as compared with the previous year; the payments for losses were \$5,820,310, being \$746,325 greater than for 1907; while the general expenses amounted to \$2,866,848, being \$177,131 greater than in 1907 thus showing balance of \$1,274,218 favourable to the companies. In the previous year there was a favourable balance of \$1,539,204.

Paid for losses..	\$5,820,310
“ general expenses..	2,866,848
Total..	\$8,687,158
Received for premiums..	9,961,376
Balance in favour of the companies..	\$1,274,218

The following detail gives the balance for the different companies:—

Balance in favour.—Alliance, \$7,995; Atlas, \$26,491; Commercial Union, \$173,850; General Accident, Fire and Life, \$37,177; Guardian, \$67,578; Law Union and Crown, \$10,502; Liverpool and London and Globe, \$220,822; London and Lancashire

SESSIONAL PAPER No. 8

Fire, \$31,590; London Assurance, \$8,912; North British, \$143,167; Norwich Union Fire, \$15,463; Phoenix of London, \$155,509; Royal, \$260,958; Scottish Union and National, \$19,579; Sun Fire, \$68,370; Yorkshire, \$55,910. Total, \$1,303,873.

Adverse balance.—Caledonian, \$24,325; Northern, \$5,330. Total, \$29,655.

Total balance in favour, \$1,274,218.

For every \$100 of premiums received there was spent on the average \$58.43 in payment of losses and \$28.78 for general expenses.

In 1907 the loss rate was \$54.54 and the general expenses \$28.91 for every \$100 of premiums received.

For the fire business the rate of premium was \$14.794 per \$1,000 of risks taken, as against \$14.830 in 1907.

Hence these companies have done a larger volume of business than in 1907 at a lower rate of premium, a slightly lower rate of expense, and at a higher rate of fire losses.

Collecting the result for the thirty-four years from 1875 to 1908, as regards the receipts for premiums and the expenditure of the British companies, we find:—

Paid for losses (1875-1908)	\$105,301,206
“ general expenses	44,253,120
	<hr/>
Total payments	\$149,554,326
Received for premiums	161,181,416
	<hr/>
Excess of receipts over expenditure	\$ 11,627,090
	<hr/>

It will be seen, from an examination of the table given below, that an adverse balance was in existence from the year 1877 till the end of the year 1886, due to the exceptional circumstances of the conflagration at St. John in the first mentioned year—when the losses paid by British companies amounted to almost five millions of dollars; that such adverse balance was reversed at the end of the year 1887, when a favourable balance of \$341,938 was shown, and that this favourable balance increased thereafter, from year to year, (with the exception of the year 1893) up to the close of 1899 when it amounted to \$5,029,980. In 1900 the loss by the British companies on account of the Ottawa and Hull conflagration amounted to over two and a half million of dollars. To this is due the large deficit of the year, \$1,365,476, wiping out the savings of the preceding four years, and reducing the favourable balance at the end of 1900 to \$3,664,504, which sum had been still further reduced to \$3,512,636 at the end of 1901. The favourable experience for the years 1902 and 1903, increased this balance to \$7,123,044 at the end of 1903, but it was again reduced by the unfavourable

experience of 1904 to \$3,969,472. During the past four years the favourable balance has been largely increased and now amounts to \$11,627,090.

As the reports of the general business of the British companies which are appended to their several statements, are made up in a form not readily understood, except by an expert, I have this year, as in previous years, made an approximate analysis of them which will be found on page cliv. Only two or three of these companies profess to make any special provision for the liability under the head of ‘Unearned Premiums’, but they set aside a certain sum under the title of ‘Fire Fund,’ which is held to meet future contingencies, and is charged against the company as a liability. I have taken 60 per cent of the annual revenue from premiums as a fair approximation to the exact *pro rata* of the premiums on unexpired risks, which forms the basis of the item in our returns for Canadian business. Also, in cases where life assurance is combined with fire (the assets of these branches being required by the Imperial statute to be kept separately) I have omitted the life-business entirely, considering that the life funds are more than sufficient to cover the liabilities in this branch, and thus making the results, as regards paid up capital, less favourable to the companies.

CANADIAN FIRE COMPANIES.

In considering the Canadian Companies, their whole fire insurance business, in Canada and elsewhere, as well as their whole marine business, must be taken into account, inasmuch as a separation of expenses between these branches has not been made.

SESSIONAL PAPER No. 8

The following table gives the distribution of fire business between Canada and elsewhere, for the fifteen companies transacting business outside of Canada, and shows that the home business was, on the whole slightly more favourable to the companies than the foreign business.

The assets of the twenty-one Canadian companies doing fire business amounted, at the end of the year to \$10,872,874, covering a total amount of insurance of all kinds of \$960,670,199, being at the rate of \$11.32 for every \$1,000 of insurance in force; they have also subscribed capital not called or not paid up, amounting to \$2,929,923, making a total security of \$14.37 for every \$1,000 insured. The liabilities of the same companies amounted to \$7,440,219, made up as follows:—

SESSIONAL PAPER No. 8

The unearned premiums are here taken to be the *pro rata* proportions of the gross premiums for the time unexpired in the cases of Fire and Inland Marine insurance, and the whole premiums in the case of a current Ocean risk. The surplus of assets over liabilities available for the protection of policy-holders, independent of the subscribed capital not called up, amounts to \$3,432,655.

The capital stock of these companies paid up or in course of payment, amounts to \$6,053,032.

The following table gives the condition at the end of 1908 of all the Canadian stock companies in reference to the surplus on account of policy-holders.

8-9 EDWARD VII., A. 1909

Including the whole business of the mixed companies, outside as well as within the Dominion, it appears that the Canadian companies have received during the year 1908 a total cash income of \$7,885,504, which is made up as follows:—

	1908.	The same in 1907.	The same in 1906.	The same in 1905.
	\$ cts.	\$ c.	\$ c.	\$ c.
Interest and dividends	301,209 15	269,918 89	244,284 68	216,367 41
Premiums	7,506,568 66	8,592,041 45	8,663,876 20	8,125,337 03
Sundry	77,726 33	59,425 71	470,731 12	12,250 08
Total	7,885,504 14	8,921,386 05	9,378,892 00	8,353,954 52

In the same way the cash expenditure during 1908 has been \$8,376,293, distributed into:—

	1908.	The same in 1907.	The same in 1906.	The same in 1905.
	\$ cts.	\$ c.	\$ c.	\$ c.
Losses paid	5,471,015 65	5,786,024 20	6,693,036 95	4,734,320 62
General expenses	2,785,940 61	3,152,540 95	2,981,601 05	2,799,520 15
Dividends to stockholders	119,337 41	94,649 99	279,202 53	286,186 43
Total	8,376,293 07	9,033,215 14	9,953,840 53	7,820,027 20

Thus it appears that for every \$100 of income there has been spent \$106.22, namely: for losses, \$69.38; for general expenses, \$35.33; and for dividends to stockholders, \$1.51. Hence, also, for every \$100 of premiums received there has been paid out \$72.88 for losses, \$37.11 for expenses, and \$1.59 for dividends to stockholders.

SESSIONAL PAPER No. 8

The total cash income received by the Canadian companies during the thirty-four years from 1875 to 1908 inclusive, is \$162,542,591.03. The respective amounts for the several years, and the distribution thereof under proper headings, are shown in the subjoined table:—

CONFLAGRATIONS.

On the 27th June, 1908, a conflagration devastated the business centre of the city of Three Rivers in the province of Quebec and destroyed property to the value of about two millions of dollars.

In the early days of August, 1908, a conflagration which originated from forest fires in the neighbourhood destroyed almost entirely the town of Fernie, B.C. The total property loss was estimated at upwards of \$4,000,000. In addition several lives were lost, probably upwards of thirty.

The fire losses paid by the companies licensed under the Insurance Act in respect of these conflagrations amount to the sums following;—

	Three Rivers, Que.	Fernie, B.C.
	\$ cts.	\$ cts.
Canadian companies.	300,195 57	489,304 54

Totals	1,032,580 15	1,157,670 01

8-9 EDWARD VII., A. 1909

These occurrences emphasize once more the necessity for establishing and maintaining funds to meet such losses, which it is believed companies are too liable to overlook. Shareholders naturally look for dividends and directors are too prone to gratify the expectations of such shareholders without having due regard to the conflagration hazard for which it is their duty to provide.

INLAND NAVIGATION AND OCEAN INSURANCE, 1908.

Inland marine insurance is carried on in Canada by two Canadian companies (the British America and the Western), and to a very limited extent by three American companies (the *Ætna Fire*, the Insurance Company of North America and the St. Paul Fire and Marine), and four British companies (the British and Foreign Marine Insurance Company, the Marine Insurance Company, the Alliance and the Commercial Union). Ocean business is transacted by the two Canadian companies, but the greater part of this business is transacted by companies which are not required to be licensed, and do not report to this Department. The British America has now ceased doing marine business.

The figures given below include the Canadian inland marine business of the three American companies and the four British companies, and the whole inland marine and ocean business done by the two Canadian companies.

INLAND MARINE.

The premiums received amounted to \$395,065, the losses incurred to \$285,134, and the losses paid to \$328,055. At the end of the year the losses unsettled were \$62,123.

The inland marine business has been unfavourable, as was also the case in the year previous. The losses incurred amounted to 72.17 per cent of the premiums received. The rates for 1906 and 1907 were 99.52 and 73.49 respectively.

OCEAN MARINE.

The premiums received amounted to \$532,291, the losses incurred to \$433,072, and the losses paid to \$434,657. At the end of the year the total outstanding or unsettled losses were \$75,180.

In the ocean business the rate of losses incurred to premiums received was 81.36 per cent, whilst in 1906 and 1907 the rates were 94.21 and 88.26 respectively.

An abstract of the inland marine business will be found on page cliii, and details of this and the ocean business for the individual companies on pages cxlviii and cli.

LIFE INSURANCE, 1908.

The business of life insurance was transacted by thirty-nine active companies, of which twenty-three are Canadian, six British and ten American.

SESSIONAL PAPER No. 8

Insurances Effected during the Year.

The total amount of policies in Canada taken during the year 1908 was \$99,896,206 which is greater than the amount taken in 1907, by \$9,513,274. The Canadian companies show an increase in 1908 of \$7,190,817, whilst in 1907 they had a decrease of \$611,487; the British companies have a decrease of \$111,986, whilst in 1907 they had a decrease of \$970,683; and the American companies have an increase of \$2,434,443, whilst in 1907 they had a decrease of \$3,048,103, the total increase in 1908 being \$9,513,274, as above stated.

The respective amounts effected are:—

Canadian companies.. . . .	\$69,029,583
British “ 	3,389,757
American “ 	27,476,866

So that the amount taken by native companies exceeds that taken by the British and American together by over \$38,000,000.

Life Insurance in force in 1908.

The total amount of insurance in force in Canada at the close of the statements was \$719,516,014, which shows the large increase of \$33,992,529 over that of the previous year being distributed as follows:—

	Amount in force.	Increase.
Canadian companies.. . . .	\$480,266,931	\$29,693,207
British “ 	46,161,957	—300,357

	<hr/>	<hr/>
Total.. . . .	\$719,516,014	\$33,992,529
	<hr/>	<hr/>

The following tables will enable the progress of the total business to be traced during the past thirty-four years, both as regards the amount of insurance effected from year to year, and the total amount in force.

Amount of Insurance terminated in 1908.

The amount of Insurance terminated in natural course, namely, by death, maturity or expiry, was \$11,047,383, which is less by \$225,516 than the corresponding amount in the previous year; and the amount terminated by surrender and lapse was \$58,928,424, being greater than in the previous year by \$6,085,231.

Relatively to the amounts at risk the amounts so terminated do not differ to any material extent from those of the previous year, giving for every \$1,000 of current risk \$15.02 terminated in natural course and \$80.12 by surrender and lapse, making a total of \$95.14. In the year 1907 these rates were \$16.07 and \$75.33 respectively, making a total of \$91.40, thus giving a difference of \$3.74 for each \$1,000 at risk.

The following table exhibits the rates for the last six years:—

The average amount of *new* policies is: for Canadian companies, \$1,595; for British companies, \$2,203; and for American companies, \$1,361. The corresponding amounts last year were \$1,676, \$2,325 and \$1,328.

SESSIONAL PAPER No. 8

DEATH RATE.

In the calculation of the death rate this year, as in previous years, the mean number of policies in force and the number of policies terminated by death during the year have been admitted as approximations to the mean number of lives exposed to risk and the number of deaths during the year respectively. It is believed that the results arrived at represent the actual mortality among insured lives in Canada as accurately as can be gathered from the returns of the companies.

Canadian Companies.

The assets and liabilities, income and expenditure, of the Canadian Life Companies will be found exhibited in the statements under their respective headings at pages clxxiii, clxxiv, clxxix and clxxxii. The tables of mortality employed by the various companies in the calculation of their reinsurance reserve are shown in the table on page clxxiv.

SESSIONAL PAPER No. 8

From tables on pages clxxix and clxxxiii referred to, it will be seen that the Canadian companies have received an income of \$28,786,482, drawn from the following sources:—

Premiums and annuity sales.. . . .	\$21,951,117
Interest and dividends.. . . .	6,384,029
Sundry.. . . .	451,336
	<hr/>
Total.. . . .	\$28,786,482
	<hr/> <hr/>

And they expended \$16,402,064 under the following items.—

Paid to policy-holders and annuitants.. . . .	\$ 9,747,877
General expenses (including investment expenses).. . .	6,117,942
Taxes.. . . .	251,170
Dividends to stockholders.. . . .	285,075
	<hr/>
	\$16,402,064
	<hr/> <hr/>

Hence out of every \$100 of income they have expended in payment to policy-holders, \$33.86; in general expenses, \$21.25; in taxes, 87 cents; and in dividends to stockholders, 99 cents, leaving \$43.03 to be carried to reserve.

By reference to the table at page clxxiii, it will be seen that the total assets at December 31, 1908, of the Canadian life companies other than assessment and fraternal companies (including \$6,179,793 outstanding and deferred premiums, interests and rents due and accrued which have not yet gone into income) amount to \$138,491,379, an increase over the corresponding amount at the end of the year 1907 of \$13,313,164.

The amount of risks in force has increased during the year from \$561,329,618 to \$601,218,828, a gain of \$39,889,210, and the reserves have increased from \$110,790,247 in 1907 to \$121,231,238 in 1908, an increase of \$10,440,991.

8-9 EDWARD VII., A. 1909

ACCIDENT INSURANCE, 1908.

Accident insurance may be subdivided into two classes, viz.:—*Employers' Liability Insurance and Personal Accident*, both of which are covered by an accident license.

The business of accident insurance was transacted by sixteen companies, viz.:—9 Canadian (all of which combined it with sickness insurance, one with plate glass insurance, one with steam boiler, one with personal property and three with guarantee insurance); 3 American (one of which combined it with life, and one with sickness and steam boiler insurance, and one with sickness and burglary guarantee insurance,) and 4 British (three of which combined it with guarantee business and all with sickness insurance).

EMPLOYERS' LIABILITY.

Of the sixteen accident companies, thirteen transacted Employers' Liability Insurance, viz.:—7 Canadian, 4 British and 2 American.

The total premiums received for this class of risks was \$1,009,885, and the losses paid amounted to \$498,321 with unsettled claims outstanding to the amount of \$292,423.

An abstract will be found at page cxcix.

PERSONAL ACCIDENT.

All the accident companies transacted personal accident business, the total premiums for which were \$1,408,013, insuring amount of \$245,924,942. The claims paid amounted to the sum of \$442,727, and there were outstanding at the close of the year unsettled claims amounting to \$150,589.

An abstract will be found at page cxcix.

GUARANTEE INSURANCE, 1908.

Guarantee business was transacted by ten companies, four of which are Canadian, three British and three American.

The total premiums received were \$268,607, guaranteeing an amount of \$77,754,957 and the net amount paid for claims was \$100,088, with unsettled claims amounting to \$42,882 outstanding at the end of the year.

An abstract will be found at page cxcviii.

The Guarantee Company of North America transacted business outside of the Dominion which is not included in the above.

CONTRACT INSURANCE.

Two companies, both American, are licensed to carry on a class of business which is not defined in the Insurance Act, but which is particularly described in the licenses

SESSIONAL PAPER No. 8

of the companies concerned, and may be known as the business of guaranteeing and becoming security for the due performance of any office, trust, contract or agreement, executing and guaranteeing bonds, undertakings and obligations, including appeal and other bonds in legal actions and proceedings.

The premiums received in 1908 amounted to \$27,110 and no losses were incurred. An abstract will be found at page cci.

SICKNESS INSURANCE.

The business of sickness insurance has been carried on by fifteen companies, viz., two American, four British and nine Canadian. Five of the companies combine it with accident insurance, six with guarantee and accident insurance, one with accident and plate glass insurance, two with accident, steam boiler and personal property insurance, and one with accident and burglary guarantee.

It appears, however, that sickness insurance not in combination or in conjunction with accident risks has been carried on only to a very limited extent, and returns of the premiums received in respect thereof and losses paid, &c., have not been made to this Department.

In addition to the fifteen companies above referred to, four fraternal societies, licensed by this office, viz.: the Supreme Court of the Independent Order of Foresters and the Subsidiary High Court of the Ancient Order of Foresters, the Canadian Order of the Woodmen of the World, and the Catholic Mutual Benefit Association, pay sick benefits to such of their members as stipulate therefor in the application for membership. In the case of the Ancient Order of Foresters, these benefits are paid partly through the lodges and partly by the Subsidiary High Court.

It is proper to mention here that the Act which authorized the Canadian Order of the Woodmen of the World to maintain a sick and funeral benefit fund (Chapter 206 of the Statutes of 1903) provides that such fund shall never be less than the legal reserve calculated as in Section 5 of said Act specified, in respect of all existing certificates, policies, or other instruments providing for the payment of sick or funeral benefits. The fund as shown by the Society's last statement amounted at 31st December, 1908, to the sum of \$4,530. The sickness business as at the same date has been valued according to the I. O. O. F. Manchester Unity (Whole Society) Sickness Experience and a rate of $3\frac{1}{2}\%$ interest and the reserve thereon amounts to the sum of \$2,413. The funeral benefits have also been valued as at the same date on the basis prescribed by the Insurance Act, the reserve thereon amounting to \$1,381; making the total reserve in respect of the Society's sick and funeral benefit branch the sum of \$3,794.

PLATE GLASS INSURANCE IN CANADA, 1908.

The business of plate glass insurance was transacted by five companies, viz.: 2 Canadian (one of which combined it with accident insurance), one British and 2 American.

8-9 EDWARD VII., A. 1909

The companies having adopted the system of insurance by replacement, instead of paying the value of the glass broken, and their contracts not stating any amounts as insured thereby, their returns do not show the amount of insurance effected during the year, nor the amount in force at the end thereof. The premiums received during the year in Canada for plate glass insurance were \$133,817, being greater than the amount received the previous year by \$15,526, and the total losses incurred were \$57,017, being \$4,161 greater than the amount incurred in 1907. An abstract will be found at page cc.

BURGLARY GUARANTEE INSURANCE, 1908.

This branch of insurance, which is transacted to a considerable extent in Great Britain, was introduced into Canada fifteen years ago. On June 14, 1893, a license was issued to the Dominion Burglary Guarantee Company (Limited), now the Dominion Guarantee Company, Limited, whose head office is at the city of Montreal, to transact the business of guaranteeing against loss or damage by reason of burglary or house-breaking, and guaranteeing against loss of jewellery, bullion and other moveable property deposited with it for safekeeping. This company, which was incorporated by an Act of the Parliament of Canada, assented to on April 1, 1893, was, at December 31, 1904, the only company licensed by this department to carry on the business of burglary guarantee insurance in Canada. On May 15, 1905, a license was granted to an American company, The Fidelity and Casualty Company of New York, to transact this class of insurance, which was carried on during the year 1908 by these two companies. The total premiums received amounted to \$54,740, and the losses paid to \$21,304. An abstract will be found at page excix.

STEAM BOILER INSURANCE.

This class of business was carried on by three companies, two Canadian and one American. The total premiums received amounted to \$87,613, and the claims paid to \$9,205, with unsettled claims outstanding at the end of the year amounting to \$1,300. An abstract will be found at page cc.

PERSONAL PROPERTY INSURANCE.

This branch of business was carried on by only one company, the Maryland Casualty. The total amount of premiums received during the year was \$13,951, and the loss paid amounted to \$14,425, which included a loss carried over from the previous year incurred by the Canadian Casualty and Boiler Co. An abstract will be found at page cc.

TITLE INSURANCE.

A license has been granted to the Title and Trust Company to transact the business of 'Title Insurance' as defined in the Company's Act of Incorporation, that is to say 'guarantee the title to, or the quiet enjoyment of, property, either absolutely or subject to qualifications and conditions, and to guarantee any person interested in

SESSIONAL PAPER No. 8

or about to become interested in, or owning, or about to purchase or acquire any real property, against any losses, actions, proceedings, claims or demands by reason of any insufficiency or imperfections or deficiency of title or in respect of encumbrances, burdens or outstanding rights; and to guarantee the due payment of the whole or part of any loan, advance, mortgage or claim, hypothecary or otherwise, or the interest thereon.'

The total premiums received during the year amounted to \$1,988 and there were no claims incurred.

On November 5, 1908, a license was issued to the General Animals Insurance Co. of Canada for Live Stock Insurance business. The premiums received during the year amounted to \$5,041. The losses incurred were \$2,525 and losses paid, \$975. An abstract will be found upon page ccii.

III. ‘Companies incorporated under special Acts of the Legislature of the province of Canada or of the Parliament of the Dominion of Canada.’

SESSIONAL PAPER No. 8

IV. 'Companies incorporated under the "Ontario Joint Stock Companies' Letters Patent Act, 1874," being chapter 150 of the former and chapter 157 of the last Revised Statutes of Ontario.'

V. 'Companies incorporated under the English Companies' Act, and licensed to transact business in Canada under 37 Victoria, chapter 49, being chapter 125 of the Revised Statutes of Canada.'

The Board, after careful consideration of the report of the Superintendent of Insurance as to the class of securities upon which the above companies can invest their funds, and as to the borrowing powers of the said companies, direct that the debentures and debenture stock of such companies, belonging to the said association, as meet the requirements hereafter set forth, may be accepted as deposits on behalf of the insurance companies, at such rate as the Treasury Board may see fit to place upon them, not, however, to exceed the value usually placed upon municipal securities, viz., 90 per cent of the par value thereof when the market value is at least equal to such par value, or 90 per cent of the market value when the market value is less than the par value.

(The rate of acceptance has since been changed to 95 per cent of the market value at the time of deposit, such accepted value in no case to exceed par. . (See below T. B. June 14, 1900.)

The requirements above referred to are as follows:—

1. The company shall have kept strictly within the powers in relation to borrowing and investment conferred upon it by the Act under which it is incorporated.
2. It shall have a paid-up capital of at least \$500,000.
3. It shall have been in successful operation as a loan company for not less than ten years.
4. It shall have a reserve fund amounting to not less than 25 per cent of its paid-up capital.
5. Its stock shall have a market value of not less than par.

The Board also direct that every application on behalf of an insurance company for the acceptance of any such debentures or debenture stock as herein above provided shall form the subject of a special reference to the Treasury Board, and that the company shall supply, for the information of the Board, all necessary particulars, including a statement of the borrowing powers and powers of investment of the loan company whose securities are offered as a deposit, and a statement showing in detail the nature of the investments of such loan company, all properly verified. (T.B., October 16, 1896.)

No assurance of acceptance of bonds by the Treasury Board.—The Superintendent asks the decision of the Board upon the following questions, viz.:—

'Will the Board inform a company desirous of purchasing certain bonds or securities whether they will be accepted or not as a deposit in the event of their being purchased?'

* * * * *

'The Board, after deliberation, are of the opinion that they cannot give any assurance to any company that securities will or will not be accepted in the event of their being purchased.' (T.B., April 1, 1889.)

Deposit Receipts.—'The Board direct that deposit receipts be not accepted in any case as a deposit on behalf of any company.' (T.B., January 25, 1888.)

Bank Stocks, &c.—'Bank stock or shares in any private company will not be accepted.' (O.C., January 17, 1876.)

8-9 EDWARD VII., A. 1909

Registered Bonds as Deposits.—‘When registered bonds are received as deposits they must be registered in the name of the Receiver General. Bonds registered in the name of a company accompanied by an assignment in favour of the Receiver General, will not be accepted. When registered bonds are intended to be used as a deposit, they should, before being forwarded to this Department, be registered thus—in the name of ‘the Receiver General of Canada in trust for (giving the name of the company) being part of the deposit made by the company with said Receiver-General, in pursuance of the statutes of Canada in that behalf.’ (T.B., July 13, 1891.)

Foreign Municipal Securities.—‘The Board are of opinion that no municipal securities other than Canadian should be accepted for deposit under the Insurance Act.’ (T.B., January 30, 1894.)

Exchange of Securities deposited with the Receiver General.—The Board establishes the following rule, viz., that bonds or securities of any kind deposited with the Receiver General can be released and withdrawn only upon the deposit with the Receiver General of an adequate amount of other securities satisfactory to the Board. (T.B., October 28, 1899.)

Municipal and other Securities as Deposits.—The Board on the report of the Superintendent of Insurance, direct as follows:—

(1) That Canadian municipal securities, Montreal Harbour bonds, Canadian Pacific Land Grant bonds, United States state securities and loan companies’ debentures (where such securities are in all respects acceptable to the Treasury Board) be hereafter accepted at 95 per cent of their market value at the time of deposit, such accepted value in no case however to exceed par.

(2) That all securities of the classes mentioned in the preceding clause (1), which have been heretofore deposited and are still in the hands of the Dominion government at Ottawa, or in the hands of the Bank of Montreal, London, England, on behalf of the government, be revalued upon the basis set out in said clause (1).

(3) That for the purpose of such revaluation the various insurance companies by which such securities have been deposited be required to furnish from time to time when called for by the Superintendent schedules thereof giving the full particulars of such securities, including their par and market values, such par and market values to be certified to by a competent valuator or appraiser. (T.B., June 14, 1900.)

Respecting Quality of Paper and Type used in Bonds to be hereafter Deposited with the Receiver General.—The Board had under consideration reports from the Comptroller of Dominion Currency and the Superintendent of Insurance in reference to the quality of the paper upon which bonds for deposit with the Receiver General are engraved, lithographed or printed, and also in reference to the quality of type used for such purpose.

From the reports above referred to, it appears that there are now on deposit with the Receiver General in the custody of the Comptroller of Dominion Currency, bonds and debentures to the amount of more than \$38,000,000, which are held under and for the purposes of the Insurance Act; that of these securities about 65 per cent are municipal, the greater portion of which have half-yearly or yearly coupons attached; that in some cases the principal is payable in yearly or half-yearly instalments, such instalments being sometimes represented by coupons attached to the bond, and sometimes by separate bonds; that these bonds and debentures have, when deposited, periods to run varying from two or three years to fifty years, and all such must be handled at least once and generally twice each year, and that notwithstanding the greatest care, the removal from the box containing them, unfolding, cutting and refolding and replacing them must of necessity to a certain extent wear and injure them, and hence the neces-

sity of having all bonds, when deposited, in such sound condition that they may be reasonably expected, notwithstanding the unavoidable wear and tear, to hold together until the date of maturity; that many of the debentures now held are on the commonest kind of paper; that the coupons attached, from constant handling, are frequently torn, and that many of those on the debentures recently taken have been in such bad condition that they had to be patched before they were put into the vault.

In view of the above representations, and on the recommendation of the Superintendent of Insurance, the Board direct that, of the securities hereafter offered for the above named purposes only such be accepted as are either engraved, lithographed or printed in clearly legible type on tough, durable paper: Provided, however, that for good and sufficient cause shown bonds not meeting the foregoing requirements may be temporarily accepted.

The Board further direct that a copy of this Minute be sent to every licensed Insurance Company, and also that the Minute be published by the Superintendent of Insurance in his Annual Report. (T.B., June 5, 1908.)

LEGAL DECISIONS.

1. LIFE INSURANCE.

(a) *Company—Shares—Forfeiture for non-payment of call—Covenant under seal to pay call—Effect of parol arrangement—Remedy for illegal forfeiture—Declaration—Damages.*

The plaintiff, in subscribing for 10 shares of the capital stock of the defendants, an incorporated company, covenanted under seal to pay \$12.50 per share and 'all other calls, if any, as the same may from time to time be made.' He paid the \$12.50 and an additional call of 2½ per cent and received a stock certificate. The defendants subsequently made a call of 5 per cent, and, in writing to the plaintiff requesting him to pay \$50 therefor, they offered to take a promissory note for that amount, and inclosed a blank note for the purpose, stating in the letter that the giving of a note simply meant an extension of time for payment, and that in the event of non-payment the shares would be liable to be forfeited. The plaintiff filled up and signed the note, but made some alterations therein—one being the addition of the words 'at the Molsons Bank, market branch.' This was accepted by the defendants, but was not presented for payment at the branch indicated, where the plaintiff at all times had a sufficient balance to pay it, and it was not paid. The board of directors thereupon purported to forfeit the plaintiff's shares, and notified the plaintiff of the forfeiture.

Held:—That, giving effect to the notice in accordance with which the note was sent, and consequently to the terms of which the plaintiff must be considered to have agreed, the sole effect of the note was to give time to pay the debt; and, the debt admittedly not having been paid at the due date of the note, the defendants were within their legal rights in forfeiting the shares.

But, if there were no such condition, the most that could be said was that the note was given for and on account of the debt, and the only effect of non-presentment upon such a note is upon the question of costs (Bills of Exchange Act, sec. 183); the note is *quoad* the debtor, a promise to pay generally; and the debt, as the note became overdue and was unpaid and unproductive in the hands of the creditor, revived.

Dictum of Armour, C. J., in *Merchants Bank of Canada v. Henderson* (1897), 23 O.R., 360, followed.

Held, also, that, a call having been regularly made, an action could have been brought upon the plaintiff's covenant, and payment enforced notwithstanding the parol arrangement.

8-9 EDWARD VII., A. 1909

Held, also, that the plaintiff would not, in any view, be entitled to damages for the forfeiture of his stock, but at the most to a declaration that the forfeiture was a nullity, which relief had been offered to him and refused.

(b) *Agent—Authority—Premiums—Promissory note payable to agent—Personal Receipt—Liability of company.*

In review of a judgment of the Superior Court, Montreal, Curran, J., rendered the 26th September, 1907 (4E L. R. 60).

Action taken by plaintiff in warranty to indemnify them for whatever they may be called upon to pay by reason of the action of the principal plaintiff. Plaintiffs in warranty insured themselves with the defendant in warranty, at the solicitation of one of the latter's agents, and gave the agent a note to his order in payment of the first premium. The agent illegally transferred the note to plaintiff, who, when it became due, sued defendants. In calling upon defendant in warranty, the plaintiffs in warranty alleged that the custom in Montreal is for agents of insurance companies to collect the first premium, and the company knew the agent had been soliciting the insurance and the company gave the agent instructions to collect the first premium on the signing of the application. The plea was a denial of the agent's authority to collect the first premium, especially when no policy was issued, as in this case; further, the note was signed by plaintiffs in-warranty at their own risk; finally, a denial of any custom in Montreal whereby agents received the first premium, which custom, even if it did exist, could have no force in the present case since no policy was ever issued. The Superior Court dismissed the action in warranty under the well established doctrine that the authority of a general agent is restricted to the range of his employment and to the acts and representations which a prudent and ordinarily sagacious and experienced person might expect him to do or to be authorized to make in respect to the particular business entrusted to him, and that this rule applies a fortiori to sub-agents, and the court cited *Manufacturers Accident Insurance Company v. Pudsey*, 27 S.C.R. 379. The court further found that Daoust, one of the plaintiffs in warranty, is an experienced person, having been engaged in the insurance business as a sub-agent and that he must have known that when he gave said promissory note to the agent, payable to the agent's order, regardless of the company defendant in warranty, without any qualification of said agent as agent or otherwise of said defendant in warranty, he was acting in a grossly imprudent manner, and gave the note at his own risk and that the company was in no way bound thereby.

The court also found that as sub-agent of the company, said agent had no authority to take a promissory note, made payable to his own order, in anticipation, as payment of the first premium on a policy of insurance not yet issued and on a simple application for the issuance of such policy. The majority of the Court of Review (Bruneau, J., dissenting), was of the opinion that the judgment of the Superior Court, for the reasons therein stated, was right and confirmed it, with costs in both courts.

In a life insurance certificate of the Canadian Order of Foresters the money issued was expressed to be payable at the death of the insured to his 'legal heirs':—

(d) *Death—Presumption of—Life policy—Absence for over seven years—7 Edw. VII., ch. 36 sec. 3 (O).*

In order to establish the presumption of the death of the claimant's husband, on account of his not having been heard of for seven years, it was proved that in May, 1900, he had gone in a sailboat to an island adjacent to where he lived, and that while on this island a violent storm having arisen, he had telephoned his wife that he would probably be detained. He did not, however, return, and his wife had not heard of him since. The boat was subsequently found with the sail set, and having some lumber and his cap in it. On the following morning he was supposed to have been seen at the railway station, but the person who thought he saw him would not swear to his identity. It was said that a person who had lost some chairs suspected him of having stolen them, but it did not appear that he knew that he was suspected, while it appears that the detectives suspected some one else. In 1901 a letter was received from a favourite aunt in England, with whom he was in the habit of corresponding, asking about him, and stating that she had not heard from him for some time past. On the case coming before the Court of Appeal, the giving of judgment was stayed at the claimant's request, to enable her to furnish an affidavit from aunt verifying letter.—

Held, affirming the judgment of the Divisional Court, reversing the judgment of Riddell, J., that there was sufficient evidence to raise the presumption of death, even without the affidavit subsequently furnished.

(e) *Extract from judgment of Mr. Justice Archibald in case of Dupère vs. London and Lancashire Life Assurance Co. See Canadian Journal of Commerce, January 29, 1909, p. 156.*

It may very well be that the answers given by Dorothée Dupère to the agent who solicited her insurance, as well as to the medical examiner were given without much consideration. Possibly she may not have intended to give false answers. She may have considered that it was a mere matter of form, even if it may be that many of the answers may have been taken down previously by the agent from other sources, and little attention may have been given to these answers. Yet the answers are signed by Dorothée Dupère and constitute warranties of their truth. The company issued its policy upon the faith of the truth of those answers. The answers were material and the company has the right to succeed if the answers are shown to have been false. It is proved that applications to the amount of \$20,000 were made about the time in question by Dorothée Dupère, for insurance, upon her life. Manifestly Dorothée Dupère could not have intended to insure her life for such an amount, which would have involved payments far beyond anything which she was earning. As a matter of fact, so far as the proof goes, she seems to have taken little or no interest in the matter. It would appear, speaking generally, that she signed every application that was proposed to her, and submitted herself to medical examination, when demanded. The falsity of her statements have been abundantly proved, and I do not think that the

8-9 EDWARD VII., A. 1909

present plaintiff can escape from the consequence of that falsity, by alleging the want of fraudulent intent upon his sister's part. It is hard to believe that the present plaintiff, who played so large a role in all these insurances, was unaware that his two brothers had died of consumption. I am convinced that he was fully aware of that fact, he denies it in the box, but from many evidences, his bearing and evidence struck me as being highly unsatisfactory. I have no doubt that it was he who furnished the answer to the question as to the causes of death of Ludger Dupère, that it was tuberculosis (*i.e.*, in making proof in order to receive his insurance). Besides that, evidence seems to point that the insurance in this case, being wholly simulated, was never intended as a genuine insurance in favour of Dorothée Dupère, but on the contrary, as a means whereby the present plaintiff could satisfy his creditor, A. E. Mallette & Co., by transferring insurance as collateral securities.

(f) *Policy payable to legal representatives or assigns of insured—Designation of beneficiaries by will—Insurance Act, sec. 160—Identification of policy—sufficiency revocation of will by second marriage—Effect of.*

In 1888 the intestate, James H. Watters, insured his life for the benefit of himself and his legal representatives and assigns. On 6th December, 1893, the deceased made his will, which contained the following clauses:—

‘I bequeath to my daughter Jessie Anderson (one of the applicants), wife of George Anderson, the sum of \$1,000, to be paid out of the insurance moneys on my life, at my decease.’

‘I bequeath to my daughter Agnes West (the other applicant), wife of William West, the sum of \$1,000, to be paid out of the insurance moneys on my life, at my decease.’

Application under Rule 938, by Jessie Anderson and Agnes West, daughters of James H. Watters, deceased, for an order declaring that the proceeds of policy No. 5420 on the life of the deceased, in the hands of the administrator of his estate, was the property of and should be paid over to the applicants.

The policy of insurance, the proceeds of which are now in the hands of the administrator, is the only policy of insurance effected on the life of the deceased at the time the will was made or since.

In 1902 the deceased married again, the will being thereby revoked under section 20 of the Wills Act.

The applicants contend that there was a valid trust declared by the will, which enures to their benefit, and which is not affected by the will having been revoked by reason of the said marriage.

Held, that the revocation of the will by marriage annuls the declaration of trust previously made by the will and which would have been effectual had the will remained unrevoked.

Action to recover the sum of \$1,000 upon a certificate or policy of life insurance issued by defendants in favour of Alexander McKechnie, deceased.

SESSIONAL PAPER No. 8

The 'certificate of membership' under which McKechnie obtained this insurance was pursuant to his application of 31st July, 1889, and sets forth that he is of Loyal Orange Lodge No. 262, held in London, and is a member in good standing of the Loyal Orange Association of British America and in the Orange Mutual Insurance Society of Ontario. He undertakes to pay all assessments to the said society, and to comply with all laws now or hereafter to be in force, and payment of the insurance is conditional on proof being made of his good standing in the Loyal Orange Association and in this society, *i.e.*, the mutual insurance one (at the time of his death).

The deceased (McKechnie) had been suspended and had failed for many years to pay his monthly dues to the lodge and had ceased to be a member in good standing in the primary lodge and in the Grand Orange Lodge of British America. The yearly assessments had been paid to the Benefit Fund until after the death of McKechnie, the fact being that the certificate was pledged to some person who kept up the payment of the assessments.

Held, that the Benefit Fund of the Society is not gathered for the insurance of everybody who applies, but for those who begin and continue and at death are proved to be members in good standing, of a private lodge, this being a requirement quite apart from good standing in the insurance department which is secured by punctual payment of assessments. The action therefore failed.

(h) *Husband and wife—Insurance by husband on wife's life—Insurable interest—Life Assurance Act, 1774 (14 Geo. 3, c. 48) ss. 1, 3—Married Women's Property Act, 1882 (45 and 46 Vic., c. 75), s.11.*

A husband has as such an insurable interest in his wife's life; and, therefore, it is not necessary in order to establish the validity of a policy of insurance effected by a husband upon the life of his wife to give affirmative evidence as to the existence and extent of a pecuniary interest of the husband in the life of his wife. The interest is presumed to the extent of the amount insured by the policy.

A husband and his wife effected with an insurance association a policy whereby, in consideration of a premium of which each paid part, a sum of money was made payable upon the death of whichever of them should die first to the survivor. The wife having died, the husband brought an action upon the policy to recover the policy money:—

Held, upon the footing that the policy was an insurance by the husband upon the life of his wife, notwithstanding the provisions of the Life Assurance Act, 1774, it was not necessary, in order to maintain the action, that the plaintiff should prove that he had any pecuniary interest in the life of his wife.

By Farwell, L.J., and Kennedy, L.J., the policy might also be regarded as a valid insurance under the Married Women's Property Act, 1882, s. 11, by the wife of her own life expressed to be for the benefit of the husband, contingently on his surviving her.

company's agent that if she paid the premiums for a certain time she would receive a free policy. The representation was made without the authority or knowledge of the company, and the company refused to grant a free policy, but retained the premiums:—

Held, that the holder of the policy was entitled to recover from the company the premiums paid upon the faith of the representation.

(j) Bénéficiaire—Acceptation du bénéfice—Révocation du bénéfice—C. C., Art. 1029.

Jugé—1° Que le fils qui assure sa vie, en désignant dans la police sa mère comme bénéficiaire, peut, ensuite, s'étant marié depuis, par son testament, révoquer cette stipulation, en léguant le montant, de cette police à son épouse, pourvu que la mère n'ait pas accepté auparavant la stipulation;

2° Que le fait d'avoir la police en sa possession et d'avoir payé les primes, ne suffit pour montrer que la mère avait accepté la stipulation, car les circonstances ne démontraient pas qu'elle avait ainsi payé pour elle-même, pour son propre bénéfice et comme ayant accepté la stipulation, et les circonstances montrent que la police lui avait été "remise en main";

3° Qu'il fallait, de la part de la mère, un acte ou un fait ne laissent aucun doute sur la manifestation de la volonté de la mère d'accepter la stipulation, et cet acte, et ce fait n'ont pas été montrés. (1)

Beneficiary—Acceptance of benefit—Revocation of benefit—C. C., Art. 1029.

Held—1. That the son who insured his life in designating in the policy his mother as beneficiary, could afterwards, having been married in the meantime, by his will revoke this stipulation and bequeath the amount to his wife, provided the mother had not previously accepted the condition.

2. That the fact of having the policy in her possession and of having paid the premiums was not sufficient to show that the mother had accepted the condition, for the facts did not show that she had paid thus for herself, for her own advantage and as having accepted the condition, and the circumstances show that the policy had been 'returned to her personally.'

3. That some act or deed on the part of the mother was necessary to leave no doubt as to her desire to accept the condition, and this act or deed had not been shown.

(k) Winding-up of company—Distribution of deposits and trust assets—Dominion Winding-up Act—Dominion Insurance Act—Ontario Insurance Act—Rights of policy-holders and beneficiaries—Preferred class—Payment into court—Payment out on death of assured.

Where an order had been made for the winding-up of a life insurance company under the Dominion Winding-up Act, and the deposits of the company held by the Minister of Finance and the assets held by the trustees under the Dominion Insurance Act were in the hands of the liquidator and were being distributed by him, a question arose as to whether payment should be made, under policies issued by the company, to the assured or to the beneficiaries:—

SESSIONAL PAPER No. 8

Held, that the intention of the Insurance Act is to provide funds to meet the claims of persons who were resident in Canada at the time the contract with the company was made, and that, both under that Act and the Winding-up Act, the provisions for the distribution of the fund are directed entirely to questions arising as between the company and the assured and between the Canadian policy-holders themselves; there is no interference with rights which may have been acquired by third persons against policy-holders; and the liquidator is bound to take notice of assignments of the policies in respect of which he is making a distribution of the fund, and also of declarations in favour of preferred beneficiaries.

Under the Ontario Insurance Act, the assured may make changes in the members of the class of preferred beneficiaries who are to take; the right of any beneficiary is not absolute until he shall have survived the assured; and the mere accident that moneys become payable in respect of the policy in the lifetime of the assured, while it does not impair, does not accelerate, the rights of the beneficiaries.

In this case the moneys payable in respect of a policy were ordered to be paid into court, there to be subject to control of the assured as of a trust fund created under section 159 of the Ontario Insurance Act; and, subject thereto, to be paid out, on the death of the assured, to the named beneficiaries then surviving.

2. FRATERNAL SOCIETIES.

(m) *Secession of Grand Lodge from Supreme Lodge—Right of Supreme Lodge to operate in territory of seceding Grand Lodge and to organize new Grand Lodge therein.*

Up to the year 1904, the plaintiff Grand Lodge of the Ancient Order of United Workmen of Manitoba and the Northwest Territories, which had been incorporated under that name in the year 1893 under the laws of the province of Manitoba, had been carrying on the business of life insurance amongst its members in subordination to, and under a charter granted to it by, the defendant Supreme Lodge of the same order, which had its headquarters in Texas. In that year the plaintiff Grand Lodge refused any longer to be subject to the jurisdiction of the Supreme Lodge, or to levy or remit to the latter the special assessments demanded by it for a guarantee fund created for the purpose of meeting any excess over estimated death losses that might occur in any of the jurisdictions under the Supreme Lodge. In 1905 the Supreme Lodge suspended the plaintiff Grand Lodge and organized a new Grand Lodge for Manitoba, Saskatchewan and Alberta with subordinate lodges, all working in harmony

8-9 EDWARD VII., A. 1909

with and under the control and supervision of the Supreme Lodge, and all using the words 'Ancient Order of United Workmen' as part of their name.

These newly created bodies at once commenced and thereafter carried on the business of fraternal life insurance in the same way as it had been carried on by the plaintiff Grand Lodge. They issued circulars and sent them to the members of the plaintiff Grand Lodge who still adhered to it as well as to other persons, and carried on an active propaganda in opposition to the plaintiffs.

Held, (1) The plaintiff Grand Lodge was not entitled to an injunction restraining the defendants from using the name 'Ancient Order of United Workmen' in Manitoba and the Northwest Territories, or from carrying on business there in the name of the Supreme Lodge, A.O.U.W., or from collecting any money for life insurance from the members of the plaintiff Grand Lodge, or from soliciting such members to join or contract with the defendant Supreme Lodge or any of its subordinate lodges.

(2) Although the plaintiff Grand Lodge had for a number of years levied and collected special assessments for the general guarantee fund created by the Supreme Lodge as above mentioned, and had voluntarily remitted some of these moneys to the treasurer of the Supreme Lodge, yet the evidence failed to show that there was any contractual relationship existing between the two bodies by which the former was under any legal obligation to pay over to the latter any of the money raised by these assessments which had not been already paid over.

(3) The defendant Supreme Lodge was not entitled to an injunction forbidding the plaintiffs, their members, servants or agents, to use the name 'Ancient Order of United Workmen,' as the plaintiff Grand Lodge had been legally incorporated in 1893, with the knowledge and consent of the Supreme Lodge, and had issued a great many beneficiary certificates for life insurance, a great proportion of which were still in force. The Supreme Lodge incurred no liability under these certificates, and to restrain the plaintiff from the use of its own name would be practically to nullify the powers conferred upon it by our provincial laws for the benefit of a foreign corporation not even licensed to do business in Manitoba.

3. FIRE INSURANCE.

(n) Insurance policy—Condition avoiding—Justness and reasonableness of—Materiality.

In an action for a loss on a fire policy containing a condition that any change material to the risk should avoid the policy, unless promptly notified to the company, and that any change of occupancy or non-occupancy should be deemed material to the risk, it was proved that the premises insured had been vacant for some months during the currency of the policy, but were occupied at the time of the loss, and it did not appear that the loss was in any sense due to the non-occupancy. Under a proviso in the policy that certain conditions (including the one in question) should be in force only so far as the court or a judge should declare it to be just and reasonable to be exacted by the company, the trial judge declared the condition as to occupancy made at the time the policy issued, but tested with relation to the circumstances which afterwards arose, to be unjust and unreasonable. He submitted to the jury the questions whether the change from occupancy to non-occupancy was material to the risk in this case, and whether it was material generally. To the former question the jury answered, 'No,' and to the latter, 'Yes.' On these answers a verdict was entered for the plaintiff.

SESSIONAL PAPER No. 8

Held, per Barker, C. J., Hannington and McLeod, J. J. (Landry, J., dissenting), that the condition as to occupancy was to be tested as to its being just and reasonable in the light of circumstances at the time the policy issued and not at the time of the loss, and being so applied was just and reasonable, and the breach of non-occupancy avoided the policy, and a verdict should be entered for the defendant.

1. The words ‘stored’ and ‘kept’ in statutory condition No. 10 (f) exempting a fire insurance company from liability for loss or damage occurring while gasoline (amongst other things) is ‘stored or kept’ in the building insured or containing the property insured, unless permission is given in writing, should be read together, and, so read, they indicate the continuous habitual storage or keeping of an article, pointing to a dealing in such article or having a storehouse therefor; and in these cases the procuring by a tenant and servant of the plaintiff, for his own use and purposes, of one-half gallon of gasoline, which he kept, without the plaintiff’s knowledge, in the part of the insured premises which he held as tenant of the plaintiff, was not ‘storing or keeping’ gasoline within the meaning of the condition. *Mitchell v. City of London Assurance Co.* (1888), 15 A. R. 262, followed.

2. In actions upon fire insurance policies, one of the defences was that the proofs of loss were defective, and were not completed before actions brought:—

Held, upon the facts, that the case was one for the application of sec. 171 (1) of the Insurance Act, R. S. O., 1897, ch. 203, the trial judge having found good faith and absence of fraud on the plaintiff’s part.

3. The defence of prior insurance not disclosed by the plaintiff when making his application for insurance was rested upon the fact that a mortgagee of the premises had, without the knowledge of the plaintiff, insured his (the mortgagee’s) interest, and that, after the fire, he was paid the amount of the policy:—

Held, that statutory condition No. 8 does not apply to policies effected by others without the knowledge of the insured; the failure to refer to it in the proofs of loss was no breach of the condition; and there was, as found, no fraudulent or improper design.

4. In respect of the defence of subsequent insurance not disclosed, it appeared that an additional insurance of \$1,000 was placed upon the building by one of the defendant companies, to last for thirty days, if not sooner determined. The company did not determine the risk within the thirty days, but in correspondence with their agent expressed their willingness to continue it in the form of a policy at a three per cent rate of premium. But before the instruction reached the agent the thirty days had expired; and on the day after the expiry the plaintiff, not having heard of the company’s intention, effected an insurance for the same amount with another company, to whom, it was conceded, no reasonable objection could be made, and notice was sent to the defendant company, but before it reached them the fire occurred:—

Held, that the fair conclusion was that the defendant company were willing that the plaintiff should place further insurance on the building to the extent of \$1,000, and by their own interim receipt consented to his doing so, and that the insurance with the other company was merely taken in substitution for the interim insurance already assented to—there being no pretense that there was any ground other than the question of premium for non-continuance of the risk by the defendants. *Mutch-*

8-9 EDWARD VII., A. 1909

mor v. Waterloo Mutual Fire Insurance Co. (1902), 4 O. L. R. 606, applied and followed.

5 The fire took place on the 4th September, 1906. On the 15th November, 1906, the plaintiff assigned to a bank (his creditors) all his 'right, title, and interest in or to any money which is or may become payable to him' under and by virtue of the policies in question and others, and authorized 'the said bank to give a good discharge to the said insurance companies.' No notice of this assignment was ever given to the insurance companies, and the insurance companies had no knowledge of it until long after the commencement of the actions. At the trial (October, 1907), the bank were added as plaintiffs by order of the trial judge *ab initio* and *nunc pro tunc*. About the 20th November, 1906, the plaintiff assigned to another creditor one of the policies in question, but expressly on the condition that the bank would relinquish their claim, which they did not do:—

Held that at the time of the commencement of the actions the plaintiff had an interest in the insurances, and the actions were, therefore, not nullities, but were at most defectively constituted. The bank, not having notified the defendants of the assignment, and being aware of the institution of the actions, could not have been heard to complain if the defendants had allowed them to be carried to an end, and had paid in accordance with the judgment pronounced; but the defendants having raised at the trial the question of the constitution of the action, and the bank having, in the discretion of the trial judge, been joined as a plaintiff, there was no reason for withholding the benefit of the proceedings from the beginning. The trial judge, in the exercise of his discretion, saw no reason for imposing terms; no substantial injustice to the defendants had been occasioned thereby, and his discretion should not be interfered with. And, although the bank were not made parties until more than a year after the loss occurred, their remedies were not barred by statutory condition No. 22. The other assignment was subject to the consent of the bank, which was not given, and the defendants had notice of that fact; and their dealings with the assignee could not afford any answer to the actions.

(p) *Fire—Statutory condition—R. S. O. (1897), c. 203, s. 168, ss. 10 (f)—Construction of statute—Gasoline 'stored or kept.'*

One of the conditions of the contract of insurance against fire imposed by the Ontario Insurance Act (R. S. O., 1897, ch. 203, sec. 168, subsec. 10 (f)), is that an insurance company is not liable for a loss occurring while gasoline, *inter alia*, is 'stored or kept in the building insured . . . unless permission is given in writing by the company'

T. effected insurance on a building used as a drug and furniture shop having in his employ a qualified chemist who occupied rooms in the upper part as tenant. This clerk had a gasoline stove which he used occasionally for domestic purposes and later on he brought it down to the shop and used it in making syrups, and while doing so the building took fire and was totally destroyed.

Held, that this was a 'keeping' of gasoline on the insured premises within the meaning of the statutory condition, and the insurance company were not liable for the loss. Mitchell v. City of London Assurance Co. (15 Ont., App. R., 262) distinguished.

(April 5, 1909—Supreme Court of Canada—Equity Fire Insurance Co. vs. J. C. Thompson and the Union Bank of Canada—The Standard Mutual Fire Insurance Co. vs. J. C. Thompson and the Union Bank of Canada—41 Supreme Court of Canada, p. 491.

4. ACCIDENT INSURANCE.

(4) *Accident policy—R. S. O., 1897 ch. 203, secs. 148 (2), 159—Construction of statute—‘Happening’ of the event insured against—Commencement of action—Leave given by judge after lapse of time—Nunc pro tunc—Condition precedent—Pleading—Evidence—Verdict of jury—Beneficiary.*

An action brought by the widow of a deceased person, on an accident insurance policy issued to him by the defendants, was commenced more than one year, but less than one year and six months, after his death, without the leave required by the Ontario Insurance Act, sec. 148 (2). Leave was, however, granted by the trial judge after the expiry of eighteen months from the death, the order being dated *nunc pro tunc* as if made on the date of the commencement of the action:—

Held, (1) that the words, ‘happening of the event insured against,’ in the statute, had reference to the death of the person insured, and not to the accident which caused his death, and, consequently, the time within which the action should be brought began to run at the date of his death.

(2) The trial judge had no jurisdiction to give leave to the plaintiff to commence her action by his order made at the trial, as it was then more than eighteen months after the death, and the plaintiff’s action failed because it was not begun in time.

There was a direct conflict in the evidence as to whether deceased died from disease, as alleged by the defendants, or from the result of the injury he received, and there was also a question as to whether the plaintiff’s own evidence did not support the conclusion that the injury was sustained by the deceased while lifting, in which case it would not be covered by the policy. There was other evidence, however, tending to explain this circumstance, and to establish that the injury was caused, not by lifting, but by slipping, and the jury found in favour of the plaintiff on the question submitted to them on these points:—

Held, that the case was properly left to the jury, and that where there is evidence on both sides properly submitted to the jury, the verdict of the jury, once found, ought to stand. *Commissioner for Railways v. Brown* (1887) 13 App. Cas. 133, followed.

Held, also, that the defendants were not bound to plead the failure of the plaintiff to comply with the condition of the policy requiring the action to be brought within three months from the time when the right of action accrued, as it was by the terms of the policy a condition ‘precedent to the right of the insured to recover’ thereunder, and the onus lay upon the plaintiff to show that her action was brought in time.

(r) *Conditions of policy—Affirmative proof of death—Notice of death—Time—Waiver—Forfeiture.*

This was an appeal by the defendants from the judgment of Boyd, C. The action was brought under a contract in an accident insurance policy in favour of deceased and his representatives. One of the terms of the policy was that immediate written notice of any ‘accident or injury’ should be given to the insurers at Toronto; and

8-9 EDWARD VII., A. 1909

another was that unless 'affirmative proof' of death should be so furnished within 13 months no claim based thereon should be valid. There was no breach of the first condition, but there was of the second; and, in respect of this, the defendants claimed immunity from liability. It was, however, contended that the notice of 'accident and injury,' which, under the terms of the policy, was to be an immediate written notice, was also the 'affirmative proof of death,' which, if not furnished, 'within 13 months from the time of such accident' was to make the claim invalid.

Held, that this notice did not satisfy the second requirement as to 'affirmative proof' of death within 13 months. One thing was to be done immediately, the other, a very different one, was to be done within 13 months. If the one or the other were the same it was not necessary to give different periods within which each was to be done and provide for the doing of different things in each.

Meredith, J. A., who delivered the judgment of the court said: 'There is, in my opinion, no reasonable evidence of any waiver of this condition. The correspondence regarding the proofs began with a distinct statement by the appellants that it was without prejudice, and throughout, with the exception of one letter, this position was expressly declared and maintained. We ought not to strain at every gnat in the insurers' way, and swallow every sort of a camel that stands in the insured's way, to success in an action such as this.

The agreement which the parties chose to make must be held binding upon them, and upon each, respectively, alike, in the absence of any ground of legal or statutable defence, or of equitable relief such as fraud or mistake. I am quite unaware of any ground, statutable or otherwise, for making a new contract between the parties by eliminating the condition in question, and giving relief upon the contract in question thus emasculated. To treat the condition as a forfeiture which any court can, in its discretion, ignore, would be to create a revolution in the law of contracts of insurance; and it would be an extraordinary thing that it should be left until this late day to discover that the courts had such power. A condition requiring proof of loss under a contract of insurance is a reasonable, and almost, if not quite, a universal one; and one which is necessary for the prevention of fraud as well as for the speedy adjustment and payment of claims. The legislature has taken great pains to regulate contracts of insurance and to prevent unjust and unreasonable conditions being imposed; but has not prohibited conditions requiring proofs of loss; on the contrary, it has fully recognized the need of such proofs, and made provisions respecting them. We must look to such legislation for any relief, such as the respondent seeks, from the conditions such as that in question. It would, in my opinion, be legislation, not adjudication, to extend its provisions to analogous cases; and, if it were not, it would be difficult to find a case provided for in such legislation analogous to this so as to justify any such method of dealing with this case. It is impossible for me to think that s. 57 of the Judicature Act is applicable to such a case as this, to think that it gives to any judge power to—to use the words of a late eminent Master of the Rolls—"to run his pen through that part of the contract." See *Eastern, &c., Co. v. Dent* (1899) 1 Q. B. 835, and *Barrow v. Isaacs* (1891), 1 Q. B. 417. To borrow again the words of a very eminent judge, to give relief in this fashion would be "taking a prodigious liberty with a contract"'.

(s) *Limiting time for proofs of loss—Requirement of immediate notice—Foreign administrator—Relief from Forfeiture—Jurisdiction—Judicature Act—R. S. O., 1897, ch. 51, sec. 57 subsec. 3.*

A condition in a personal accident insurance policy provided that 'immediate written notice with full particulars and full name and address of insured is to be

SESSIONAL PAPER No. 8

given to the company at Toronto of any accident and injury for which claim is made. Unless affirmative proof of death, loss of limb, or sight, or duration of disability, and of their being the approximate result of external violent and accidental means, is so furnished within thirteen months from the time of such accident, no claim based thereon shall be valid.

An appeal from the judgment of Boyd, C., at the trial, in favour of the plaintiff, the administrator of the insured, for the amount of the policy, was allowed, where although written notice of the killing of the insured by a railway train and the time when and the place where he was killed was given as required by the above condition, affirmative proof of death and of its being the approximate result of external violent and accidental means within thirteen months from the time of the accident was not furnished as required by the same condition:—

Held, by Moss, C. J. O., and Meredith, J. A., that the notice and proof required in this condition were two separate and distinct things, and although proof may amount to notice, mere notice is not proof.

The condition was reasonable, and neither under sec. 57, subsec. 3 of the Judicature Act, R. S. O., 1897, ch. 51, which empowers the High Court to relieve against penalties and forfeitures, nor otherwise, was there power to relieve against the consequences of non-compliance with its provisions.

Per Boyd, C., and Moss, C. J. O.:—If a foreign administrator of a deceased person brings action in this province for money to which the latter was entitled, and pending proceedings obtains ancillary letters here, the title thus obtained relates back to the issue of the writ and supports the action.

Per Boyd, C.—Immediate notice in the above condition means reasonably expeditious notice.

(November 10, 1908—Ontario Court of Appeal—*Johnston v. Dominion of Canada Guarantee and Accident Insurance Company*—17 Ontario Law Reports, p. 462.)

(t) Death caused by accident—Intervening cause—Disease directly caused by accident.

By the terms of a policy an accident insurance company undertook, if, at any time during the continuance of the said policy, the insured should sustain any bodily injury caused by violent, accidental, external and visible means, then, in case such injury should, within three calendar months from the occurrence of the accident causing such injury, directly cause the death of the insured, to pay to the legal personal representatives of the insured the capital sum of 1,000*l*. The policy contained the following proviso:—‘Provided always and it is hereby as the essence of the contract agreed as follows: that this policy only insures against death where accident within the meaning of the policy is the direct or proximate cause thereof, but not where the direct or proximate cause thereof is disease or other intervening cause, even although the disease or other intervening cause may itself have been aggravated by such accident, or have been due to weakness or exhaustion consequent thereon, or the death accelerated thereby.’

The assured, while hunting, had a heavy fall, and, the ground being very wet, he was wetted to the skin. The effect of the shock and the wetting was to lower the vitality of his system, and being obliged to ride home afterwards, while wet, still further lowered his vitality. The effect of this lowering of his vitality was to cause the subsequent development of pneumonia in his lungs, of which he died. The pneumonia was not septic or traumatic, but arose as a direct and natural consequence from the fact that the diminution of vitality caused through the accident, as above mentioned, allowing the germs called ‘pneumo-cocci,’ which in small numbers are

8-9 EDWARD VII., A. 1909

generally present in the respiratory passages, to multiply greatly and attack the lungs:—

Held, affirming the judgment of Channell, J., that the death of the assured was directly caused by accident within the meaning of the policy, and that the case did not come within the proviso therein, and the company were consequently liable on the policy.

(u) *Construction of policy—Contract for one year—Continuation or renewal—Period of grace—Ontario Insurance Act, sec. 148 (1)—Authority of agent.*

Section 148 (1) of the Insurance Act, R. S. O., 1897, ch. 203, is not applicable to a contract of insurance which the assured has no right to continue or renew without the consent of the insurers; it merely makes uniform and extends the commonly contracted-for grace given to the assured to renew, after forfeiture or default, a contract renewable, or not, at his will.

In this case a policy of accident insurance was considered, having regard to its provisions, to be a contract for one year only, and one which could be continued or renewed only by mutual consent; and it was *held*, that there was no such continuation or renewal, although the agent of the insurers had, after the expiry of the year, and after an accident had happened to the assured, from the effects of which he died two weeks later, accepted from the assured a promissory note for the renewal premium and delivered to him or the beneficiary a renewal receipt which had been intrusted to the agent by the insurers, but not for such purpose.

5. GUARANTEE INSURANCE.

(v) *Droits et obligations de l'assuré.*

Jugé—L'assuré, par un contrat d'assurance de fidélité, est tenu de surveiller rigoureusement la conduite de l'employé qui en est le sujet, d'exiger qu'il se conforme aux prescriptions de la loi touchant la tenue et l'apuration de ses comptes, et, au cas de détournements, d'exercer avec diligence les recours de la loi, tant civile que criminelle; son défaut de remplir ces obligations lui fait perdre le recours pour l'indemnité stipulée dans la police.

Rights and obligations of the assured.

Held,—The insured by a contract of fidelity insurance is obliged to rigourously watch over the conduct of an employee who is the subject, to exact that he will comply with the requirements of the law concerning the keeping and settlement of his accounts, and in case of embezzlement to exercise with diligence the recourse of law, civil as well as criminal; his failure to live up to these obligations deprives him of recourse for indemnity stipulated in the policy.

(w) *Païement des primes—Païement à un agent porteur des “recus”—Présomption de paiement à l'échéance—Prescription conventionnelle—Nécessité de l'invoquer—Délai de la prescription et son point de départ.*

Jugé—Une compagnie d'assurance qui confie les “recus de primes” de ses assurés à un agent avec lequel elle a un compte courant, est présumée avoir reçu les primes à leur échéance, quelle que soit la date à laquelle l'assuré a payé à l'agent.

2° La stipulation dans une police que l'assurance sera prescrite dans un délai fixé est une modification du contrat qui doit être spécialement invoquée à l'encontre de la demande en recouvrement de l'assurance, faute de quoi il ne peut en être tenu compte.

3° Lorsque, dans la police, il y a avec cette stipulation de prescription, une autre stipulation, en faveur de l'assureur, d'un délai pour paiement, ce n'est qu'à l'expiration de celui-ci que commence à courir le temps pour prescrire.

(Payment of premiums—Payment to an agent bearer of ‘receipts’—Presumption of payment at expiration—Conventional requirement—Necessity of calling upon it—Delay of prescription and point of departure.

Held, that a company which entrusts the ‘receipt of premiums’ from the insured to an agent with whom it has an account current is presumed to have received the premiums to their expiry whatever be the date to which the assured has paid them to the agent.

(2) The condition in a policy that the insurance will be subject to a fixed delay is a modification of the contract which ought to be invoked at the time of receipt of the demand to recover on the insurance, omission of which cannot be held to avail.

(3) When in the policy there is with this stipulation of prescription another stipulation in favour of the insurer of a delay for payment, it is not until the expiration of the latter that the time of prescription commences to run.)

(x) *Employer and employee—Bank officials—Duty and responsibility of—Teller's cash—Examination and checking of—Proximate cause—Expenses of following defaulter—Right to deduct from sum recovered—Indemnity—Subrogation.*

The defendants, a guarantee company, gave the plaintiff bank a bond whereby they agreed to indemnify the plaintiffs to the extent of \$5,000 in the case of a paying teller, and of \$6,000 in the case of an accountant of the bank, against ‘all and any pecuniary loss sustained by the plaintiffs directly occasioned by dishonesty or negligence or through disobedience of direct and positive instructions on the part of those persons in connection with their duties in the plaintiff's service....’ The bond also contained a provision whereby the defendants were exempted from liability for acts or omissions of any employee in pursuance of any instructions received by him from the employer or a superior officer, or for mere errors of judgment or bona fide mistake on the part of the employee—also a provision requiring the plaintiffs when required by the defendants, and at their cost, to assist them in every way in bringing to justice any employee for a criminal offence entailing loss upon the employer, and procuring the reimbursement to the defendants by the defaulting employee or his estate of any money paid by or recoverable from the defendants by reason of such defalcation.

On a Saturday the teller stole from the plaintiffs a large sum of money and absconded from Canada. The moneys were properly in his custody until the close of the

8-9 EDWARD VII., A. 1909

day, when it was his duty to deposit them, along with the other moneys and securities in his possession, in the bank vault, having first submitted his cash to examination and checking by the accountant, whose duty it was to perform this office in the absence of, or by the direction of the manager. On the day in question the accountant certified to the correctness of the teller's statement in which the stolen money was included. Its absence was discovered on the opening of the teller's cash box on the following Monday, the teller having taken it with him when he left the bank on Saturday. No steps were taken by the defendants towards following or apprehending the teller, but the plaintiffs, without communication with the defendants, took active steps and finally succeeded in apprehending him and recovering from him a large part of the stolen money. In so doing they incurred expenses to a large amount which they claimed to be entitled to deduct from the recovered money, and to hold the defendants responsible for the deficiency, after making such deduction, up to the amount in which the defendants were liable in respect of both officials:—

Held, (1) that the loss of the money was 'directly occasioned,' not merely by the dishonesty of the teller, but also by the negligence of the accountant, and that the defendants were therefore liable under their bond in respect of both.

Baxendale v. Bennett (1878), 3 Q. B. D., 525, distinguished.

(2) The contract between the parties was in effect one of indemnity, and the plaintiffs were therefore entitled to deduct all such reasonable expenses as were incurred by them in recovering the money, from the amount recovered from the teller, and were only bound to account to the defendants for the surplus after such deduction.

6, SUCCESSION DUTIES.

(y) *Aggregate value of estate—Insurance.*

A policy on the life of deceased was in the deceased's lifetime made payable to his wife and the amount thereof was paid to his widow after his death:—

The corporate powers and the provisions as to commencement of business and payment on capital stock are substantially the same as in the case of (No. 8) the British Colonial Fire Insurance Company.

8-9 EDWARD VII., A. 1909

10. An Act to incorporate the Equity Fire Insurance Company of Canada. The preamble of this Act recites that the Equity Fire Insurance Company was incorporated by letters patent dated 29th January, 1898, issued pursuant to the Ontario Insurance Act, and that since July 1, 1901, it carried the business of fire insurance under a license issued to it pursuant to the Insurance Act (of Canada).

The present Act creates a new company under the name given above with power to take over the business of the Ontario company and reduce its capital. The Act provides that it shall not take effect unless and until accepted and approved of by a resolution passed by a vote of not less than two-thirds in value of the shareholders of the old company present or represented by proxy at a special general meeting of the old company. It is understood that said meeting has been held and that the Act has been approved of by the old company.

The Act empowers the new company to engage in the business of fire insurance and the business of accident insurance upon compliance with the terms and conditions therein set forth.

11. An Act respecting the Monarch Fire Insurance Company. This Act is similar to the Act last mentioned (No. 10). The business, however, of the new company is to be limited to fire insurance. Before obtaining a license under the Insurance Act the subscribed capital is to be increased from \$120,000, to which the subscribed capital of the old company is reduced to at least \$250,000, and there must be paid thereon in addition to the sum of \$34,500 paid on the capital of the old company, at least the sum of \$75,000. The head office of the company is at London, Ontario.

12. An Act respecting the Ottawa Fire Insurance Company and to change its name to 'Ottawa Assurance Company.' In addition to the change of name this Act authorizes the company to carry on in addition to fire insurance, the following classes of insurance, viz.: cyclone or tornado insurance, inland marine insurance and inland transportation insurance, with the proviso, however, that it shall not exercise such enlarged powers unless the subscribed capital has been increased to at least \$400,000, and the amount paid thereon in cash to at least \$200,000. The Act further provides that the company may transact—

(a) the business of insuring yachts and motor boats on the inland waters of Canada when the subscribed capital has been increased to \$300,000, and the amount paid thereon to \$150,000;

(b) inland transportation insurance when a further sum of \$20,000 capital has been subscribed, and a further sum of \$10,000 paid thereon;

(c) cyclonic or tornado insurance when the sum of \$20,000 capital has been subscribed, in addition to the sums before mentioned, and a further sum of \$10,000 has been paid thereon, and

(d) in each not unless a license has been obtained therefor under the Insurance Act.

13. An Act to incorporate the British Canadian Accident Insurance Company. The corporate powers of the company include the transaction of accident insurance, sickness insurance and property damage insurance. The Act fixes the amount of capital necessary to be subscribed and the amount to be paid thereon before the company can engage in the several classes and combinations of classes of business mentioned above. The head office is to be at the city of Montreal.

14. An Act to incorporate the Commercial Casualty and Surety Company of Canada. This Act provides that the company may carry on such and so many of the following classes of insurance as are covered by the license issued to the company under the Insurance Act, namely: accident insurance, sickness insurance, guarantee insurance and property damage insurance, which classes are more fully described in the ninth (9th) section of the Act. The head office is to be at the city of Montreal.

15. An Act to incorporate the London and Lancashire Plate Glass and Indemnity Company of Canada. This Act is similar in construction to the last mentioned Act

SESSIONAL PAPER No. 8

(No. 14). It provides that the company may carry on such and so many of the following classes of insurance as shall be covered by the license issued to the company under the Insurance Act, namely: plate glass insurance, accidental damage to property, steam boiler insurance, and burglary insurance, which classes are fully described in the tenth section of the Act.

16. An Act respecting the National Accident and Guarantee Company of Canada. This company was incorporated by chapter 109 of the statutes of 1907, which expired March 21, 1909. The present Act revives it and provides that a license may be issued to the company at any time not later than March 21, 1910.

2. ONTARIO LEGISLATION.

The following amendments to the Ontario Insurance Act have been made by the Statute Law Amendment Act, 1909, chapter 26, 9 Edward VII.—

h. For every extra-provincial mutual benefit association, the amount of the deposit shall be five thousand dollars or any other amount fixed by the Lieutenant Governor in Council.

5. If, on the preceding thirty-first day of December in any year, the total contingent liability of the company, or the amount of insurance in force (insured or reinsured) exceeds two million dollars in this Province, then, for each additional million dollars or fraction thereof, the companies enumerated in the preceding paragraphs, shall respectively keep on deposit with the Government, by way of additional security, a sum equal to one-tenth of the initial deposit, and the additional deposit shall be either in cash or securities as aforesaid.

Nevertheless, additional deposits shall not be exacted from companies incorporated by this Province, when the total amount of the deposit amounts to \$50,000.00.

93. 1. Securities of the Dominion of Canada, or securities issued by any of the provinces of Canada, shall be accepted at their market value at the time when they are deposited.

2. The other securities above specified, shall be accepted at such valuation and on such conditions as the Provincial Treasurer may direct, and there shall be kept in the Treasurer's office, under the name of each company or association, a record of the securities deposited on its account, naming in detail the several securities, their par value, and the value at which they are received on deposit.

3. If the market value of any of the securities which have been deposited by any company, declines below the value at which they were deposited, the Provincial Treasurer, may, from time to time, call upon the company or association to make a further deposit, so that the market value of all the securities deposited by any company or association shall be equal to the amount which they are required to deposit by this Act.

4. Where any company or association desires to substitute other securities within the meaning of article 92, for securities deposited with the Treasury Department, the Provincial Treasurer, if he thinks fit, may permit the substitution.

94. A company or association having made a deposit under this Act, shall be entitled to withdraw the deposit, with the sanction of the Lieutenant Governor in Council, whenever it is made to appear to the satisfaction of the Lieutenant Governor in Council, that the company or association is carrying on its business of insurance under license from the Dominion of Canada.

ination of the affairs and condition of any company, it appears that the reinsurance value of all its risks outstanding in the Province, with all other debts in the Province, exceeds its assets in this Province (including the deposit in the hands of the Treasury Department), then the company may be called upon by the Provincial Treasurer to make good the deficiency at once, and, on failure so to do, its license may be suspended or may be cancelled.

In case of cancellation, if a provincial company, its corporate powers shall thereupon cease and determine, except for the purpose of winding up its affairs as provided in article 8 of this Act.

96. Except in cases with respect to which it may be otherwise provided by the Lieutenant Governor in Council, so long as the deposit of any company or association is unimpaired and no notice of any final judgment or order to the contrary is served upon the Provincial Treasurer, the interest upon securities forming the deposit shall be handed over to the company or association.

98. The securities deposited with the Treasury Department, shall be subject to be applied only in respect of any contract of insurance which has for its object some property in the Province, or property in transit to or from the Province, or the life, safety, health, honesty, fidelity or insurable interest of a person residing in the Province, or where the contract itself makes what is to be paid thereunder primarily payable to some resident of the Province.

99. 1. Under the order of the Superior Court, any company or association shall be liable to have its deposit in the hands of the Treasury Department administered in the manner hereinafter mentioned, upon its failure, within sixty days after maturity, to pay any undisputed claim arising under any contract within the meaning of article 98 of this Act, or, if disputed, after final judgment and tender of a legal valid discharge, and, in either case, after notice thereof to the Provincial Treasurer or to the inspector of insurance.

In case of such administration, the whole deposit of the company or association, held by the Provincial Treasurer shall, after the costs of administration have been provided for, be deemed to be assets for the holders of such contracts, and shall be divided among themselves in proportion to the amount of their claims.

2. In any case where a claim accruing on the occurrence of any event, is, by the terms of the contract, payable on proof of such occurrence, without any stipulated delay, the notice required under this article shall not be given until after sixty days from the time when the claim becomes due.

100. 1. Before the application is made to the Superior Court for the administration of a company's or association's deposit, at least ten days' notice in writing of such intended application, setting out the grounds thereof, shall be served on the Pro-

SESSIONAL PAPER No. 8

vincial Treasurer, and also upon the inspector of insurance. Such notice shall designate the sitting of the court at which application is proposed to be made, and shall state the day and hour named for the hearing of the same.

2. If an order for administration is granted, the company or association shall be deemed to be no longer registered. In the case of a foreign or extra-provincial company, upon petition of any person interested in the administration, or of the inspector of insurance, the judge shall appoint a competent person to be administrator, and, in respect of the administration, the said judge shall have such powers and duties as are given him by the Code of Civil Procedure in case of abandonment of property.

In the case of a company or association incorporated by the Province, a liquidator shall be appointed in accordance with article 214 to proceed to the liquidation of the affairs of the company or association.

101. Where a company or association has ceased to transact business in the Province of Quebec and has given written notice to that effect to the Provincial Treasurer and to the inspector of insurance, it shall reinsure all outstanding contracts effected in this Province, in some company or association registered to do business in this Province, or obtain a discharge of such contracts, and its securities shall not be delivered to the company or association until such reinsurance is effected to the satisfaction of the Provincial Treasurer.

102. Upon making application for its securities, the company or association shall file with the inspector of insurance, a list of all contracts within the meaning of article 98 of this Act, which have not been reinsured or have not been discharged; and it shall at the same time publish, in the *Quebec Official Gazette*, a notice that it will apply to the Lieutenant Governor in Council for the release of its securities on a certain day, not less than three months after the date of the notice, and calling upon all claimants, contingent or actual, opposing the release, to file their opposition with the inspector of insurance on or before the day so named; and after that day, if the Provincial Treasurer is satisfied that the company or association has sufficient assets to meet its liabilities under article 98 of this Act, all the securities may be released to it by an order of the Lieutenant Governor in Council, or a sufficient amount of them may be retained to cover the claims filed, and the remainder may be released, and thereafter from time to time, as such opposing claims lapse, or proof is adduced that they have been satisfied, further releases may be made on the authority aforesaid.

4. The license shall be in such form as may be from time to time determined by the Provincial Treasurer, and shall specify the business to be carried on by the company or association. Every license shall expire on the thirtieth day of June in each year, but may be renewed from year to year. A record of the licenses and supplemen-

7. The provisions herein enacted as to the continuance, renewal, suspension and cancellation of licenses, shall equally apply to supplementary licenses.

8. Although the company or association has ceased to transact business in this Province after the notice by this Act required, and its license has in consequence been withdrawn, the company or association shall nevertheless pay the losses arising from policies not reinsured or surrendered as if the license had not been withdrawn.

9. Every insurance company or association subject to the obligation to obtain a license under the provisions of this Act, and at present doing business in this Province, shall, within twelve months from the coming into force of this Act, obtain a license from the Provincial Treasurer to continue to do business therein.

110. 1. Insurance companies or mutual benefit or charitable associations, holding licenses from the Dominion of Canada may, upon proof that such licenses are still in force, be registered on the registers kept for registration purposes in the office of the Provincial Treasurer.

4. Suspension or cancellation of the authorization of a company or association under the Insurance Act of Canada shall, *ipso facto* and without notice, effect, as the case may be, the suspension or cancellation of registration under this Act.

Provided, that when such insurance company or association has, under the Insurance Act of Canada, been permitted to revive its authorization, the Provincial Treasurer may permit the company to be registered anew, and may issue his certificate thereof.

Upon due application of any underwriter of the establishment or society known as Lloyds, and more particularly described in the Act 34-35 Victoria, chapter 21, passed by the Parliament of the United Kingdom, or upon due application of any such underwriter, broker, or agent, such underwriter, broker or agent may be registered for the undertaking and transaction of marine insurance.

But if, for the purpose of appraising losses and adjusting claims against insurers under contracts of marine insurance effected on any subject matter which, at the time of appraisal or adjustment, is within the jurisdiction of the Province, such contracts having been effected outside the jurisdiction of the Province with companies or underwriters registered under this Act, the Provincial Treasurer may grant or renew, on such conditions as he may deem expedient and as the case may be, a marine adjuster's license for a term not in either case exceeding twelve months to the individual named in the license, authorizing the said individual during the said term to appraise and adjust all such losses and claims; the said license shall, during the term thereof, exempt, as to the said services, the said individual from the penalties prescribed by article 130 of this Act.

111. Before the issue of a license, or a certificate of registration, to a company or association having its head office outside the Province, the company or association shall file in the office of the Provincial Treasurer the documents provided for in the three next following subsections; that is to say:—

But whenever the company or association has, by such power of attorney under its seal, appointed a general agent for Canada, and has thereby authorized such general agent to appoint chief officers or agents of the company or association in the various Provinces of Canada; then, after filing with the Provincial Treasurer a copy of said document, duly certified by a notary public or by the proper officer of the Dominion of Canada to be a true copy thereof, powers of attorney executed by the said general agent for Canada under his seal, in the presence of a witness who has by oath or affirmation duly verified the execution thereof, shall be deemed sufficiently executed by the company or association for all the purposes of this Act.

c. In the case of companies or associations not licensed under the Insurance Act of Canada, a statement, in such form as may be required by the Provincial Treasurer, of the affairs of the company or association, on the thirty-first day of December then next preceding, or up to the usual balancing day, but such day shall not be more than twelve months before the filing of the statement.

112. Such power of attorney shall declare at what place in the Province the chief agency, head office or office of the attorney of the company or association is, or is to be established, and shall expressly authorize the attorney to receive service of process in all actions, suits and proceedings against the company or association, in the Province in respect of any liabilities incurred by it therein, and shall declare that service of process for or in respect of such liabilities at the chief agency, or personally on the attorney, at the place where such chief agency, head office or office of the attorney is established, shall be legal and binding on the company or association to all intents and purposes.

113. Whenever a company or association licensed or registered under this Act, changes its chief agent, attorney, head office or chief agency in this Province, it shall file a power of attorney as hereinbefore mentioned, specifying the change and containing a similar declaration as to service of process as hereinbefore mentioned.

But the presentation of such document shall not be necessary, on the Provincial Treasurer receiving from the proper officer of the Dominion of Canada notice that such license or document of authority has in fact been issued to the company or association named in the notice, and authorizes the transaction of insurance of the kind and for the term specified in the notice.

2. The suspension or cancellation or non-renewal of such document of authority issued under the Insurance Act of Canada, or issued by any province of Canada to an insurance company or association registered in this Province, shall operate *ipso facto* as a suspension or cancellation of registration under this Act; but registration so suspended may be revived as provided in this Act.

115. In the case of all companies or associations, other than those mentioned in article 110, any certificate of registration issued under this Act, not being an interim

116. Upon proof that a company or association has, by accident or unavoidable cause, been prevented from fully complying with the provisions of this Act within the time herein prescribed, and upon payment to the Provincial Treasurer of the fee herein enacted, the Provincial Treasurer may grant for a time limited therein, an interim certificate of registration, or may extend for a limited time the duration of a subsisting certificate of registration, but in default, in either case, of renewal of registration before the expiry of the time so limited, the company or association shall be deemed to be unregistered.

117. Every insurance company or mutual benefit or charitable association, subject to the obligation of registering under this Act, and now doing business in the Province, shall obtain a certificate of registration from the Provincial Treasurer within twelve months from the coming into force of this Act, for continuing to do business therein.

118. No insurance company or association, shall be registered under a name identical with that under which any other existing company or association is registered, or so nearly resembling such name as to be likely to be confounded therewith, nor under any other name likely, in the opinion of the Provincial Treasurer, to deceive the members or the public as to its identity.

119. The Provincial Treasurer shall cause to be published yearly in the *Quebec Official Gazette*, a list of companies or associations licensed or registered under this Act, with the amount of the deposit, if any, made by each company or association; and, upon a new company or association being licensed or registered, or upon the license or certificate of a company or association being suspended or cancelled, or if the certificate is revived, he shall publish a notice thereof in the *Quebec Official Gazette* for the space of two weeks.

120. Subject to condition 23 of the policy set forth in article 203, service of any written notice to any insurance company for any purpose of this Act, where there is no other express provision relative thereto, may be by letter delivered at the chief office of the company in the Province, or by registered letter addressed to the company, its manager or agent at such chief office, or by such written notice given in any other manner to an authorized agent of the company.

123. 1. Upon proof that any registry or certificate of registry has been obtained by fraud or mistake, or that a company or association exists for any illegal purpose, or is insolvent or is about to become insolvent, or has, within the meaning of articles 124 and 125 of this Act, refused or neglected to pay a claim lawfully due, or has wilfully, and after notice from the Provincial Treasurer or inspector, contravened any of the provisions of this Act, or has ceased to exist, the registration of such company or association may be suspended or cancelled by the Provincial Treasurer.

Section 19.—Insurance of the person.

199. 1. In any insurance of the person, where the money payable by way of premiums, dues or assessments (not being the initial premiums, dues or assessments), under any contract whatsoever, is unpaid, the insured, or one of the beneficiaries, or the beneficiaries under the policy, may, within thirty days from and including the first day on which the money is due, by registered letter or otherwise, pay, deliver or tender to the company or association at its head office, or at its chief agency in the Province, or to the collector or authorized agent of the company or association, the sum in default. The contract of insurance shall continue in existence during such thirty days, and any stipulation or agreement to the contrary shall, as against the assured or his beneficiaries, be utterly void. The thirty days hereinbefore mentioned shall run concurrently with the period of grace or credit, if any, allowed by the insurer for the payment of a premium or of an instalment of premium.

Nothing in this Act contained shall be deemed to extend the period of grace or credit beyond the total of thirty days, or as preventing the insurer from charging legal interest, during said thirty days, upon the amount of the premium due by the insured.

2. Notwithstanding any stipulation or agreement to the contrary, any action or proceeding against the insurer for the recovery of any claim under or by virtue of a contract of insurance of the person, may be commenced at any time within one year next after the happening of the event insured against, or within the further term of six months, by leave of a judge of the Superior Court, on a petition, upon its being shown to his satisfaction that there was a reasonable excuse for not commencing the action or proceeding within the first mentioned term.

3. But no such action or proceeding shall be commenced after the expiration of the year and additional six months, except in cases where death is presumed from the assured not having been heard of during seven years, in which case any action or proceeding may be commenced within one year and six months from the expiration of such period.

200. 1. No company or association shall insure or pay on the death of a child under ten years of age, any sum of money which, added to any sum payable on the death of such child by any other insurer, will exceed the following amounts respectively, that is to say:

If such child dies under the age of:

2 years.. . . .	\$ 32 00
3 "	40 00
4 "	48 00
5 "	56 00
6 "	83 00
7 "	140 00
8 "	168 00
9 "	200 00
10 "	260 00

Nothing in this article shall apply to such insurances on the lives of children under ten years of age as were in existence on the coming into force of this Act, or

8-9 EDWARD VII., A. 1909

apply to insurance on the lives of children of any age where the person effecting the insurance has a pecuniary interest in the life of the assured.

2. Where the age of the assured is, at the date of the contract, less than ten years, and the company or association has knowingly, or without sufficient inquiry, entered into any contract prohibited by paragraph 1 of this article, the premiums paid thereunder shall be recoverable from the company or association by the person or persons paying the same, together with legal interest thereon.

3. Every company or association undertaking or effecting insurances on the lives of children under ten years of age, shall print paragraphs 1 and 2 of this article, and article 2590 of the Civil Code, in conspicuous type upon every circular soliciting and upon every application for and every form of contract of such insurance; and any contravention of this paragraph shall be punishable as an offence against article 130 of this Act.

Nevertheless, instead of printing what is required by paragraph 3 of this article, the company may, with the permission of the Provincial Treasurer, cause to be printed or stamped on the circulars, in every application and every form of contract, in conspicuous type, the words: 'All insurances effected or solicited in the Province of Quebec in connection with the lives of children under ten years of age is subject to the restrictions contained in article 200 of the Quebec Insurance Act.'

Section 20.—General provisions applicable to all Fire Insurance Companies.

201. 1. Every company licensed and registered for the transaction of fire insurance may, within the limits prescribed by the license and registration, insure and re-insure dwelling houses, stores, shops and other buildings, household furniture, merchandise, machinery, live stock, farm produce, and other commodities, against damage or loss by fire or lighting, whether the same happens by accident or any other means, except design on the part of the assured, the invasion of an enemy, or insurrection.

2. Any insurance company registered under this Act for the transaction of fire insurance, and lawfully insuring any mercantile or manufacturing risk against fire, may, either by the same or a separate contract, insure the same risk against loss or damage arising from defects in or injuries to sprinklers or other fire extinguishing appliances.

202. 1. Contracts of fire insurance, with the exception of those entered into by mutual insurance companies on the mutual system which are limited to five years, shall not exceed the term of three years; and the insurance of mercantile and manufacturing risks shall, if on the cash system, be for terms not exceeding one year.

2. Any contract that may be made for one year or any shorter period, on the deposit note system, or for three years or any shorter period on the cash system, may be renewed, at the discretion of the board of directors, by a renewal receipt instead of a policy, on the insured paying the required premium, or, in the case of a contract on the deposit note system, by giving a new deposit note or undertaking; and any cash payments or deposit notes for renewal must be made at the end of the year or other period for which the deposit note was granted, otherwise the policy shall be null and void.

3. No registered company, authorized to effect insurance against fire in this Province, shall incur liability upon a single risk, to an amount exceeding 10 per cent of its capital and surplus, unless such excess is reinsured in another company.

4. The Provincial Treasurer may suspend or cancel the license or registration of a company that assumes a heavier responsibility on a single risk than that permitted by paragraph 3 of this article.

203. The conditions set forth in this article shall, as against the insurer, be deemed to be part of every contract of fire insurance hereafter entered into or renewed

SESSIONAL PAPER No. 8

or otherwise in force in the Province of Quebec, with respect to any property therein or in transit therefrom or thereto, and shall be printed on every such policy with the heading 'Conditions of the Policy,' and no stipulation to the contrary, or providing for any variation, addition or omission, shall be binding on the assured unless evidenced in the manner prescribed by articles 204 and 205.

Conditions of the Policy.

1. If any person insures his buildings or goods, and causes the same to be described otherwise than as they really are, to the prejudice of the company, or misrepresents or omits to communicate any circumstance which is material to be made known to the company, in order to enable it to judge of the risk it undertakes, such insurance shall be of no force with respect to the property in regard to which the misrepresentation or omission is made; but when the application is made out by the company's agent, such application shall be deemed to be the act of the company.

2. After application for insurance, it shall be presumed that any policy sent to the assured is intended to be in accordance with the terms of the application, unless the company points out, in writing, the particulars wherein the policy differs from the application.

3. Any change in the use or condition of the property insured as defined by the policy, made without the consent of the insurer, and within the control or knowledge of the assured, and which increases the risk, shall void the policy, unless the change is promptly notified in writing to the company or its local agent; and the company, when so notified, may return the premium for the unexpired period and cancel the policy, or may demand in writing an additional premium, which the assured shall, if he desires the continuance of the policy, forthwith pay to the company; and if he neglects to make such payment forthwith after receiving such demand, the policy shall be no longer in force.

4. The insurance is rendered void by the transfer of the interest in the object of it from the insured to a third person unless such transfer is with the consent or privity of the insurer.

The foregoing rule does not apply in the case of rights acquired by succession or in that specified in clause *b* of this paragraph.

a. The insured has a right to assign the policy with the thing insured, subject to the conditions therein contained.

b. A transfer of interest by one to another of several partners or owners of undivided property who are jointly insured does not avoid the policy.

5. Where property insured is only partially damaged, no abandonment of the same will be allowed unless with the consent of the company or its agent, and in case of removal of property to escape conflagration, the company will contribute to the loss and expense attending such act of salvage proportionately to the respective interests of the company or companies and the assured.

6. Money, books of account, securities for money, and evidences of debt or title are not insured.

7. Plate, plate glass, plated ware, jewellery, paintings, sculptures, curiosities, scientific and musical instruments, patterns, plans, uncoined gold and silver, works of art, articles of vertu, frescoes, clocks, watches, trinkets and mirrors are not insured unless mentioned in the policy.

8. The company is not liable for loss if there is any prior insurance in any other company, unless the company's assent thereto appears in the policy or is endorsed thereon, nor if any subsequent insurance is effected by any other company, unless and until the company assents thereto, or unless the company does not dissent in writing within two weeks after receiving written notice of the intention or desire to effect the

8-9 EDWARD VII., A. 1909

subsequent insurance, or does not dissent in writing after that time and before the subsequent or future insurance is effected.

9. In the event of any other insurance on the property so described, having been assented to as aforesaid, then the company shall, if such other insurance remains in force, on the happening of any loss or damage, only be liable for the payment of a rateable proportion of such loss or damage without reference to the dates of the different policies.

10. The company is not liable for the losses following, that is to say:

a. For the loss of property owned by any other person than the assured, unless the interest of the assured is stated in or upon the policy;

b. For loss by fire caused by invasion, insurrection, riot, civil commotion, military or usurped power, earthquake or volcanic eruption;

c. Where the insurance is upon buildings or their contents, or loss caused through the want of good and substantial brick or stone chimneys; or by ashes or embers being deposited, with the knowledge and consent of the assured, in wooden vessels; or by stoves or stove-pipes being, to the knowledge of the assured, in an unsafe condition or improperly secured;

d. For loss or damage to goods destroyed or damaged while undergoing any process in or by which the application of fire heat is necessary;

e. For loss or damage occurring to buildings or to their contents, while the buildings are being repaired by carpenters, joiners, plasterers or other workmen, and when loss or damage to such buildings or their contents is due to such carpenters, joiners, plasterers or other workmen, unless permission to execute such repairs has been previously granted in writing, signed by a duly authorized agent of the company. But in dwelling houses fifteen days are allowed in each year for incidental repairs without such permission;

f. For loss or damage occurring when petroleum, or rock-earth or coal-oil, camphene, gasoline, burning fluid, benzine, naphtha or any liquid products thereof, or any of their constituent parts (refined coal-oil for lighting purposes only, not exceeding five gallons in quantity, or lubricating oil not being crude petroleum or oil of less specific gravity than required by law for illuminating purposes, not exceeding five gallons in quantity, excepted), or more than twenty-five pounds of gunpowder, is or are stored or kept in the building insured or contained in the property insured, unless permission is given in writing by the company.

11. The company shall make good loss caused by the explosion of gas in a building not forming part of the gas-works, and all other loss caused by any explosion causing a fire and all loss caused by lightning, even if it does not set fire.

12. Proof of loss must be made by the assured, although the loss be payable to a third person.

13. Every person entitled to make a claim under this policy shall observe the following directions:—

a. He shall forthwith after loss give notice in writing to the company:

b. He shall deliver, as soon after as practicable, as particular an account of the loss as the nature of the case permits;

c. He shall also furnish therewith a sworn declaration establishing:

1. That the said account is just and true;

2. When and how the fire originated so far as declarant knows or believes;

3. That the fire was not caused through his wilful act or neglect, procurement, means or contrivance;

4. The amount of other insurances;

5. All liens, and incumbrances on the property insured;

6. The place where the property insured, if moveable, was deposited at the time of the fire.

SESSIONAL PAPER No. 8

d. He shall, in support of his claims, if required and if practicable, produce books of account, warehouse receipts and stock lists, and furnish invoices and other vouchers, and also copies of all his policies; and shall separate, as far as reasonably may be, the damaged from the undamaged goods, and exhibit for examination all that remains of the property which was covered by the policy.

e. He shall produce, if required, a certificate under the hand of a magistrate, notary, commissioner for taking affidavits, or municipal clerk, residing in the vicinity in which the fire happened, and not concerned in the loss or related to the assured or sufferers, stating that he has examined the circumstances attending the fire, loss or damage alleged, that he is acquainted with the character and circumstances of the assured or claimant, and that he verily believes that the assured has, by misfortune and without fraud or evil practice, sustained loss and damage in respect of the property assured to the amount certified.

14. The above proofs of loss may be made by the agent of the assured, in case of the absence or inability of the assured himself to make the same, such absence or inability being satisfactorily accounted for.

15. Any fraud or false representation in relation to any of the above particulars, shall vitiate the claim.

16. If any difference arises as to the value of the property insured, of the property saved or the amount of the loss, such value and amount and the proportion thereof (if any) to be paid by the company, shall, whether the right to recover on the policy is disputed or not, and independently of all other questions, be submitted to the arbitration of some person to be chosen by both parties, or if they cannot agree on one person, then to two persons, one to be chosen by the party assured and the other by the company, and a third to be appointed by the two persons first chosen, or, on their failing to agree, then by a judge of the Superior Court sitting in the district wherein the loss has happened; and such reference shall be subject to the provisions of articles 1431 and following of the Code of Civil Procedure. The award shall, if the company is in other respects liable, be conclusive as to the amount of the loss and proportion to be paid by the company. Where the full amount of the claim is awarded the costs shall follow the event, and, in other cases, all questions of costs shall be in the discretion of the arbitrators.

17. The loss shall not be payable until sixty days after completion of the proofs of loss, unless otherwise provided for by the contract of insurance.

18. The company, instead of making payment, may repair, rebuild or replace, within a reasonable time, the property damaged or lost, giving notice of their intention within fifteen days after the receipt of the proofs herein required.

19. The insurance may be terminated by the company, by giving notice to that effect, and, if on the cash plan, by tendering therewith a rateable proportion of the premium for the unexpired term, calculated from the termination of the notice. In the case of personal service of the notice, five days' notice, excluding Sunday, shall be sufficient. Notice may be given by any company having an agency in the Province of Quebec, by registered letter addressed to the assured at his last post office address notified to the company, and where no address has been notified, then to the post office of the agency from which the application was received, and, where such notice is by letter, then seven days from the arrival at any post office in the Province shall be deemed good notice. The policy shall cease after such tender and notice aforesaid, and the expiration of the five or seven days, as the case may be.

The insurance, if for cash, may also be terminated by the assured, by giving written notice to that effect to the company or its authorized agent, in which case the company may retain the customary short rate for the time the insurance has been in force, and shall pay to the assured the balance of the premium paid.

20. No condition of the policy, either in whole or in part, shall be deemed to have

8-9 EDWARD VII., A. 1909

been waived by the company, unless the waiver is clearly expressed in writing, signed by an agent of the company.

21. An officer or agent of the company, who assumes on behalf of the company to enter into any written agreement relating to any matter connected with the insurance, shall be deemed *prima facie* to be the agent of the company for such purpose.

22. Every action or proceeding against the company for the recovery of any claim under or by virtue of this policy, shall be absolutely barred, unless commenced within one year next after the loss or damage occurs.

23. Any written notice to the company for any purpose of the conditions of the policy, where the mode thereof is not expressly provided by law, may be by letter delivered at the head office of the company in the Province, or by registered post letter addressed to the company, its manager or agent, at such head office, or by such written notice, given in any other manner to an authorized agent of the company.

204. If the insurer desires to vary the said conditions, or to omit any of them, or to add new conditions, there shall be added to the contract containing the printed statutory conditions, words to the following effect, printed in conspicuous type and in ink of a different colour:

'Variations in conditions.'

'This policy is issued on the above conditions with the following variations and additions: (set forth the conditions).'

'These variations are made by virtue of the Quebec Insurance Act, and shall have effect in so far as, by the court or judge before whom a question is tried relating thereto, they shall be held to be just and reasonable requirements on the part of the company.'

205. No such variation, addition or omission shall, unless the same is distinctly indicated and set forth in article 204, be legal and binding on the insured.

It shall be optional with the insurers to pay or allow claims which are void under the third, the fourth, or the eighth condition of the policy, in case the insurers think fit to waive the objections mentioned in the said conditions.

205a. It is not necessary that the interim receipt which precedes the regular issue of a policy should contain all the conditions of the contract; but the insertion in full in the said interim receipt of the conditions of the contract derogating from the statutory conditions is sufficient. All statutory conditions apply to the interim contract, unless specially derogated from in the manner indicated by articles 204 and 205.

Section 22.—Inspection of Mutual Benefit Associations and Charitable Associations.

218. With the exception of mutual benefit or charitable associations authorized by the Dominion of Canada, all mutual benefit associations, formed in this Province under article 65 or under special charter, or constituted outside the Province and carrying on business in the Province, with the authorization of the Provincial Treasurer, are subject to the inspection prescribed by this section.

219. The Lieutenant Governor in Council may appoint an officer, to be called the 'Inspector of Mutual Benevolent Associations,' with an annual salary not exceeding fifteen hundred dollars to be paid out of the consolidated revenue fund of this Province.

It shall be the duty of such inspector to examine and report to the Provincial Treasurer, from time to time, upon all matters connected with mutual benefit associations in accordance with instructions from the latter.

220. The inspector shall visit the head office of every association at least once in every year, or oftener if thereto required by the Provincial Treasurer, and shall care-

SESSIONAL PAPER No. 8

fully examine the statements of the association as to its condition and affairs, verify the same by the books of the association, and report thereon to the Provincial Treasurer as to all matters requiring his attention and decision.

221. The inspector shall, from such examination, prepare and lay before the Provincial Treasurer, on or before the first of May of each year, a report of the condition of the business of every association, as ascertained by him from his personal inspection.

222. The officers or agents of any such association shall have their books open for the inspection of the inspector, and facilitate such examination in accordance with article 126.

The inspector may examine, under oath, any officer or agent of the association relative to its affairs.

223. If it appears to the inspector that the assets or sources of revenue of any association are insufficient to justify the continuance of its business, he shall make a special report on the affairs of such association to the Provincial Treasurer. He shall, in all cases, make such report whenever the liabilities of the association exceed its available assets.

224. The Lieutenant Governor in Council, after full consideration of the inspector's report, and after having given the association a reasonable time to be heard, and after such inquiry and investigation as he may deem advisable to make, may suspend or cancel the association's license; and the association shall not thereafter do business in the Province until its license is duly restored by the same authority.

225. If, within one month from the suspension or cancelling of its license, the association in default has not arranged its affairs so as to enable the inspector, after inquiry, to recommend the renewal of its license, the inspector, if authorized by the Provincial Treasurer, shall apply, by petition to a judge of the Superior Court, for the appointment of a liquidator, who shall proceed with as little delay as possible to liquidate the affairs of the association under the direction of the inspector, in the same manner as the liquidator appointed under article 214 is authorized to do under this Act.

226. The inspection provided for by this section, shall not be obligatory upon charitable associations; but, at the request of twelve persons interested in any such association, the inspector may be instructed by the Provincial Treasurer to inspect such association, and the provisions of this section shall thereafter apply to such association.

Section 23.—Liquidation of Insurance Companies or Associations incorporated by authority of this Province.

227. 1. Where a provincial insurance company or association other than a company or association authorized by the Dominion of Canada, proposes to go into liquidation, at least one month's notice in advance shall be given to the Provincial Treasurer, and like notice shall also be published in two consecutive issues of the *Quebec Official Gazette*, and in English and in French in some other newspapers which the Provincial Treasurer may indicate. The notice shall state the date at which contracts are to cease, the name and address of the liquidator appointed for the company or association, or the intention of the company or association to apply on a stated day for the appointment of a liquidator.

2. In the winding up of a mutual or cash-mutual fire insurance company, after notice has been given as required by paragraph 1, the directors shall reinsure out of the reserve or surplus funds the unexpired contracts for which deposit or premium notes have been taken.

3. Such reinsurance shall be effected in some company duly registered to transact business in the Province and approved by the Provincial Treasurer.

8-9 EDWARD VII., A. 1909

4. When any company is wound up, each person insured on the cash plan shall be entitled to a refund from the company for the unearned proportion of the cash premium given for a risk no longer in force, from the date fixed by the notice mentioned in paragraph 1 of this article and at which the company ceased to do business. This paragraph shall not be interpreted as destroying or defeating any other remedy such person may have against the company or for any other cause.

5. Every liquidator appointed under this article, shall give sufficient security for the faithful performance of his duties, and, on application of any creditor or person interested, or of the Provincial Treasurer, a judge of the Superior Court may determine the kind and the amount of such security, if he does not find it sufficient.

6. Every liquidator under this article shall (until the affairs of the company or association are wound up and the accounts are finally closed) file at the office of the board of directors and at the office of the Provincial Treasurer, within seven days after the close of each month, a statement showing the receipts and expenditures, and the assets and liabilities of the company or association, and he shall, whenever by the Provincial Treasurer so required to do, exhibit the books and documents of the company or association and furnish all other information respecting its affairs.

Any liquidator refusing or neglecting to furnish such information, shall, for each offence, be subject to a penalty of not less than one hundred nor more than two hundred dollars, to be recovered on behalf of His Majesty for the use of this Province; and he shall, in addition, render himself liable to be dismissed or removed.

228. All the provisions of the Civil Code contained in articles 371 and following, and those of the Code of Civil Procedure relating to abandonment of property not inconsistent with this Act, shall apply to voluntary or forced liquidation.

The liquidator carries on all the suits of the company or association in liquidation, and must be a party in all suits and proceedings against the company or association.

Section 24.—Dues and fees.

229. It shall be lawful for the Lieutenant Governor in Council to make and amend, from time to time, a tariff of the dues and fees he may deem it advisable to establish as payable:

- a. On the incorporation of joint-stock insurance companies;
- b. On licenses granted to insurance companies, mutual benefit associations and charitable societies, incorporated by the Province;
- c. On licenses granted insurance companies, mutual benefit associations and charitable societies, not licensed under the Insurance Act of Canada;
- d. On the certificate of registration of insurance companies, mutual benefit associations and charitable societies, deriving their powers from an Act of the Dominion of Canada or from an authorization issued under the Insurance Act of Canada;
- e. And generally on all licenses and certificates of registration ordered by this Act and all services connected with the carrying out of this Act.

230. The dues and fees payable under article 229, are payable to the Provincial Treasurer, who shall give a receipt therefor to the person paying the same.

Section 25.—Miscellaneous provisions.

231. 1. To secure the proper administration of insurance business in the Province, the Lieutenant Governor in Council may appoint an officer called 'the Superintendent of Insurance,' with such salary as he may deem proper.

2. The superintendent shall be an officer of the Treasury Department, and the Lieutenant Governor in Council may, from time to time, define his powers and duties.

b. The following is substituted for section 9:—

'9. Within the limits fixed by its by-laws the company may, according to the principles of mutual insurance, insure stores, shops, buildings, merchandise and all other property owned or occupied by persons engaged in commerce, industry or manufactures, against damage or loss by fire and lightning, with the exception of damages and loss wilfully caused by the insured, by foreign invasion or by insurrection.'

Section 21 of the said Act is repealed.

Sub-paragraph c, of paragraph 1, of article 23 of the Quebec Insurance Act is replaced, for the company, by the following:—

5. An Act to incorporate the Provincial Life Assurance Company.

This company was incorporated by chapter 32, 62 Victoria, as a mutual benefit society under the name of ‘The Provincial Mutual Benefit Society,’ and by this Act is authorized as a joint stock company, to carry on life insurance and accident and sickness insurance, the two branches to be administered separately. The authorized capital is \$1,000,000, and the head office is at the city of Montreal.

VII., c. 27, s. 2.

SECURITIES.

14. Every company shall, before the original issue or the renewal of the license, lodge with the Treasurer either in cash, or in any stock, debentures or other securities in which trustees may invest trust money, the initial or renewal deposits respectively hereinafter stated.

(a) The initial deposit to be made by any company before the original issue of the license shall be the sum appointed for such company in the fifteenth section of this Act, and such deposit shall be accompanied by an affidavit of at least two of the principal officers of the company that the said securities are absolutely the property of the company and are free from liens and incumbrances of any nature whatsoever.

(b) Before the annual renewal of licenses the amount of deposit required of every company shall, on or before the first day of January in each year, be readjusted in terms of the two next following sections. 57 V., c. 13, s. 9, s-ss. 1-3.

15 (a) Every joint stock company, if Provincial, shall keep on deposit with the Treasurer \$5,000, and, if a Canadian or foreign company, \$10,000, except a plate glass insurance company which shall deposit \$3,000.

(b) Every benevolent, provident, industrial or co-operative society not incorporated by or under the authority of an Act of the Parliament of Canada, or of an Act of any Province thereof other than Manitoba, shall keep on deposit with the Treasurer \$10,000, but if doing only sickness and funeral benefit insurance, or one of them, the amount of the deposit shall be \$2,000.

(c) Every Provincial mutual fire or fire and inland marine company, insuring mercantile or manufacturing risks, shall keep on deposit with the Treasurer five thousand dollars; and every Provincial cash-mutual fire, or fire and inland marine company, insuring mercantile or manufacturing risks, five thousand dollars; but this provision shall not apply to mutual fire or fire and inland-marine, or cash-mutual fire or fire and inland marine companies, formed or incorporated under the provisions of any statute of this Province prior to the second day of March in the year one thousand eight hundred and ninety-four. 57 V., c. 13, s. 9, s-s. 4; 1 Ed. VII, c. 18, s. 1.

16. If on the preceding thirty-first day of December in any year the company's total contingent liability of the amount of risk exceeds one million five hundred thousand dollars, then for each additional one million five hundred thousand dollars, or fraction thereof, each company enumerated in the next preceding section shall, if a Canadian or foreign company, keep on deposit with the Treasurer, by way of additional security, a sum equal to one-half of the initial deposit; and, if a Provincial company, shall keep on deposit two hundred dollars for every one hundred thousand dollars, or fraction thereof, by which said total contingent liability or amount at risk is exceeded. 58 and 59 V., c. 21, s. 1.

17. Notwithstanding the provisions of its charter of incorporation, every company heretofore or hereafter chartered under the authority of the Legislature of Manitoba shall be governed only by this Act in regard to deposits to be made with the

SESSIONAL PAPER No. 8

Treasurer or the Government of Manitoba, and shall not be required to make or continue any further or other deposit or deposits than such are required by this Act. 57 V., c. 13, s. 9, s-s. 6.

18. Securities of the Dominion of Canada, or securities issued by any of the Provinces of Canada, shall be accepted at their market value at the time when they are deposited.

(a) Municipal and school debentures, legally and properly issued in the Province, shall be accepted at their market value at the time when they are deposited.

(b) The other securities above specified shall be accepted at such valuation and on such conditions as the Treasurer may direct.

(c) If the market value of any of the securities which have been deposited by any company declines below the value at which they were deposited, the Treasurer may, from time to time, call upon the company to make a further deposit, so that the market value of all the securities deposited by any company shall be equal to the amount which they are required to deposit by this Act.

(d) Where any security, obligation or covenant, or any interest in any real or personal estate, effects or property, is given, or transferred to, made with or vested in, the Treasurer, by virtue of his office of Treasurer, such security, obligation or covenant, and any right of action in respect thereto, and all the estate, right or interest of the said Treasurer in respect of such real and personal estate, effects or property, upon the death, resignation or removal from office of the Treasurer, from time to time, and as often as the case happens and the appointment of a successor takes place, shall, subject to the same trusts as the same were respectively subject to, vest in the succeeding Treasurer by virtue of this Act, and shall and may be proceeded on by any action or in any other manner, or may be assigned, transferred or discharged, in the name of such succeeding Treasurer, as the same might have been proceeded on, assigned, transferred or discharged by the Treasurer to, with or in whom they were first given, transferred, made or vested if he had continued to hold office.

(e) Where any company desires to substitute other securities within the fourteenth section of this Act, for securities deposited with the Treasurer, the Treasurer if he thinks fit may permit the substitution to be made. 57 V., c. 13, s. 10.

19. A company may deposit in the hands of the Treasurer any sums of money or securities of the kind prescribed by the fourteenth section of this Act beyond the sum hereinbefore required; and such further sums of money or securities shall be dealt with as if the same had been part of the original deposit; and no part of the additional deposit shall be withdrawn except with the sanction of the Lieutenant Governor in Council. 57 V., c. 13, s. 11.

20. A company having made a deposit under this Act shall be entitled to withdraw the deposit, with the sanction of the Lieutenant Governor in Council, whenever it is made to appear to the satisfaction of the Lieutenant Governor in Council that the company is carrying on its business of insurance under license from the Dominion of Canada. 57 V., c. 13, s. 12.

21. If from the annual statements, or from an examination of the affairs and condition of any company, it appears that the reinsurance value of all its risks outstanding in Manitoba, together with any other liabilities in Manitoba, exceeds its assets in Manitoba, including the deposit in the hands of the Treasurer, then the company shall be called upon by the Treasurer to make good the deficiency at once and, on failure so to do, its license shall be cancelled, and its corporate powers shall thereupon cease and determine, except for the purpose of winding up its affairs. In the case of life companies, such reinsurance value shall be calculated on the basis used by the insurance branch of the Department of Finance at Ottawa. 57 V., c. 13, s. 13.

22. Except in cases with respect to which it may be otherwise provided by the Lieutenant Governor in Council, so long as any company's deposit is unimpaired and

8-9 EDWARD VII., A. 1909

no notice of any final judgment or order to the contrary is served upon the Treasurer, the interest upon securities forming the deposit shall be handed over to the company, when received by him. 57 V., c. 13, s. 14.

23. Where a company fails to make the deposits under this Act at the time required, or where written notice has been served on the Treasurer of an undisputed claim arising from loss insured against in Manitoba remaining unpaid for the space of sixty days after being due, or of a disputed claim after final judgment in regular course of law and tender of a legal valid discharge being unpaid, so that the amount of securities representing the deposit of the company is liable to be reduced by sale of any portion thereof, the license of the company shall *ipso facto* be null and void and shall be deemed to be cancelled as in the twenty-first section of this Act provided; but the license may in the two last mentioned cases be renewed, and the company may again transact business, if, within six months after notice to the Treasurer of the company's failure to pay any undisputed claim or the amount of any final judgment as provided in this section, such undisputed claim or final judgment upon or against the company in Manitoba is paid and satisfied, and the company's deposit is no longer liable to be reduced below the amount required by this Act. 57 V., c. 13, s. 15.

ADMINISTRATION OF SECURITIES.

24. The securities deposited with the Treasurer shall be subject to administration only in respect of any contract which falls within the second section of this Act, and which further has for its subject some property in the Province, or property in transit to or from the Province, or the life, safety, health, fidelity or insurable interest of some resident of the Province, or where the contract itself makes the payment thereunder primarily payable to some resident of the Province. 57 V., c. 13, s. 16.

25. Any company shall be liable, upon the application of any creditor or policyholder, to have its deposits in the hands of the Treasurer administered in manner hereinafter mentioned upon the failure of the company to pay any undisputed claim arising under any contract within the last preceding section for the space of sixty days after being due, or, if disputed, after final judgment and tender of a legal valid discharge, and (in either case) after notice thereof to the Treasurer. In the event of such administration, all deposits of the company held by the Treasurer shall be applied pro rata towards the payment of all claims duly authenticated against the company, as well as in respect of unearned premiums, such being claims and premiums under the contract aforesaid; and the distribution of the proceeds of such deposits may be made by order of the Court of King's Bench. 57 V., c. 13, s. 17.

26. In any case where a claim accruing on the occurrence of any event is by the terms of the contract payable on proof of such occurrence without any stipulated delay, the notice required in the last preceding section shall not be given until after the lapse of sixty days from the time when the claim becomes due. 57 V., c. 13, s. 18.

27. Before an application is made to the Court of King's Bench for the administration of a company's deposit with the Treasurer, at least ten days' notice of the intended application shall be served on the Treasurer; and the notice shall designate the day named for the hearing of the application. 57 V., c. 13, s. 19.

28. Upon granting an order for administration as aforesaid, the Court shall appoint a receiver, who may be an officer of the Court, who shall forthwith call upon the company to furnish a statement of all its outstanding contracts, being within the second and twenty-fourth sections of this Act, and upon all claimants under such contracts to file their claims; and upon the filing of the claims before the receiver the parties interested shall have the right of contestation thereof, and the right of appeal from the decision of the receiver to the Court as aforesaid, according to the practice of the Court; and in case of any such administration, the claimants aforesaid shall

SESSIONAL PAPER No. 8

be entitled to claim for a part of the premiums paid proportionate to the unexpired period of their contracts respectively, and such unearned premiums shall rank, in the distribution of the assets, with judgments obtained and claims accrued; and upon the completion of the schedule to be prepared by the receiver of all judgments against the company upon said outstanding contracts, and of all claims for unearned premiums or for surrender of policies, the Court shall cause the securities held by the Treasurer for the company, or any part of them, to be sold in such manner and after such notice and formalities as the Court appoints: but all the proceeds thereof, after paying expenses incurred, shall be distributed pro rata amongst the claimants according to the schedule, and the balance, if any, shall be surrendered to the company. But if any claim arises within the twenty-fourth section of this Act, after the statement of the said outstanding contracts has been obtained from the company as hereinbefore provided, and before the final order of the Court for the distribution of the proceeds of the securities, the holder of such claim upon due proof thereof shall be entitled to share in such distribution.

(a) As to any claim arising after the distribution of the proceeds of the securities and as to any balance of claims against the company not fully paid and met by such distribution, the holders of such claims shall not be barred from any recourse they may have against the company. 57 V., c. 13, s. 20.

29. The Court, by the order appointing a receiver or by any subsequent order, may authorize the receiver to exercise, in respect of the accounts of the company, all or any of the powers which the master of the Court of King's Bench would have if he were taking an account of the claims against the said deposit, and every receiver so authorized shall possess the said powers, as well as the powers usually enjoyed by a receiver appointed under an order of the said Court. 57 V., c. 13, s. 21.

SURRENDER OF SECURITIES.

30. Where a company has ceased to transact business in Manitoba, and has given written notice to that effect to the Treasurer, it shall reinsure all such outstanding contracts as are within the twenty-fourth section of this Act, with some company or companies licensed to do business in Manitoba, or obtain a discharge of such contracts; and its securities shall not be delivered to the company until the same is done to the satisfaction of the Treasurer. 57 V., c. 13, s. 22.

31. When a company has ceased to transact business in Manitoba after the notice hereby required and its license has in consequence been withdrawn, the company shall pay the losses arising from policies not reinsured or surrendered as if the license had not been withdrawn. 57 V., c. 13, s. 23.

32. Upon making application for securities, the company shall file with the Treasurer a list of all contracts within the twenty-fourth section of this Act which have not been reinsured as provided by the thirtieth section of this Act, or have not been discharged; and it shall at the same time publish in *The Manitoba Gazette* a notice that it has applied to the Treasurer for the release of its securities on a certain day, not less than three months after the date of the notice, and calling upon all claimants, contingent or actual, opposing the release, to file their opposition with the Treasurer on or before the day so named; and after that day, if the Treasurer is satisfied that the company has ample assets to meet its liabilities under the twenty-fourth section of this Act, all the securities may be released to the company by an order of the Lieutenant Governor in Council, or a sufficient amount of them may be retained to cover the claims filed, and the remainder may be released; and thereafter from time to time, as such opposing claims lapse or proof is adduced that they have been satisfied, further releases may be made on the authority aforesaid. 57 V., c. 13, s. 24.

CHANGE OF NAME.

33. Where a company incorporated under the provisions of a special or general Act of the Legislature of Manitoba is desirous of adopting a name differing from that by which it was incorporated; or where, in the opinion of the Lieutenant Governor in Council, the name by which such company was incorporated may be easily confounded with that of any other existing company, the Lieutenant Governor in Council, upon being satisfied that a change of name will not work or effect any improper purpose, may by order in council change the name of the company to some other name to be set forth in the order in council; but no such change of name shall affect the rights or obligations of the company; and all proceedings which might have been commenced or continued by or against the company by its former name may be commenced and continued by or against the company by its new name. 57 V., c. 13, s. 32.

34. The Lieutenant Governor in Council may require the same notice to be given upon any application for such change of name as is required on an application for letters patent under 'The Manitoba Joint Stock Companies Act.' 57 V., c. 13, s. 33.

35. Notice of any change of name shall be forthwith inserted by the company in at least one issue of *The Manitoba Gazette*. 57 V., c. 13, s. 34.

RECORDS TO BE KEPT IN TREASURY DEPARTMENT.

36. There shall be kept in the office of the Treasurer a record of the several documents filed by every company under this Act, and under the heading of the company shall be entered the securities deposited on its account with the Treasurer, naming in detail the several securities, their par value, and value at which they are received as deposited; and before the issue of a new license, or the renewal of a license to a company, the requirements of the law shall be complied with by the company, and the statement of its affairs must show that it is in a condition to meet its liabilities; and a record of the licenses and certificates of registration as they are issued or renewed shall also be kept in the office of the Treasurer. 57 V., c. 13, s. 29.

37. Each company shall pay to the Treasurer the following fees:—

(a) For recording and filing in the office of the Treasurer the documents required by the tenth section of this Act, \$5;

(b) For initial license to do business or certificate of registration, or renewal thereof:—

38. In the case of licenses or certificates heretofore or hereafter taken out at a time in the calendar year later than the month of April, abatement in the fees payable may be made to the companies by the Provincial Treasurer, in such proportions, and according to such regulations, as may be decided upon by the Lieutenant Governor in Council. 60 V., c. 10, s. 3; 63 and 64 V., c. 18, s. 2.

SERVICE OF PROCESS.

39. After such certified copies and power of attorney are filed as aforesaid, any process in any action, suit or proceeding against the company, in respect of any liabilities incurred in the Province, may be served upon its attorney appointed pursuant to the tenth section of this Act, and such service shall be deemed to be service on the company:

Provided, however, that nothing herein contained shall render invalid service in any other mode in which the company may be lawfully served. 57 V., c. 13, s. 31.

PLACE OF PAYMENT OF LIFE POLICY.

40. The moneys payable under any policy of life assurance already issued, or that may hereafter be issued by a company that has already obtained, or may hereafter obtain, a license or certificate of registration under the provisions of this Act, or any Act for which this Act is substituted, shall, in all cases, be payable in this Province, when the assured resides therein, notwithstanding anything contained in any such policy or the fact that the head office of the company is not within this Province. 58 and 59 V., c. 21, s. 2.

BOOKS TO BE KEPT BY LIFE COMPANIES.

41. Every company shall keep such a classification of its contracts and such registers and books of account as may from time to time be directed or authorized by the Treasurer; and if it appears at any time to the Treasurer that such books are not kept in such business-like way as to make at any time a proper showing of the affairs and standing of the company, he shall thereupon nominate a competent accountant to proceed under his directions to audit such books, and to give such instructions as will enable the officers of the company to keep them correctly thereafter, the expense of the accountant to be borne by the company to which he is sent, and shall not exceed ten dollars per day and necessary travelling expenses; the account for such audit and instructions shall be certified and approved by the Treasurer, and thereupon shall be payable forthwith by the company. 57 V., c. 13, s. 35.

42. Where the company has a share or stock capital, the company shall keep a stock register, in which register all the transfers of stock shall be accurately kept, and it shall at all reasonable times be open to the examination of any shareholder and the Treasurer. 44. It shall be the duty of the president, vice-president, managing director, secretary or manager of the company, and the treasurer, when the secretary is not also the treasurer of the company, to prepare annually, on the first day of January or within three months thereafter, a statement of the condition and affairs of the company on the thirty-first day of December then next preceding, exhibiting the assets, liabilities, receipts and expenditure, in such form and with such items and details as shall be required by the Provincial Treasurer, and to cause such statement to be deposited in the office of the Provincial Treasurer, such statement to be accompanied by a statutory declaration to the effect shown in the form in schedule A to this Act, taken by a person authorized to take the same. 57 V., c. 13, s. 38, *part*.

45. The Provincial Treasurer may from time to time make such changes in the form of the statements as seem to him best adapted to elicit from the companies a true exhibit of their condition in respect to the several points enumerated in the preceding section. 57 V., c. 13, s. 39.

46. Every company shall, when required by the Provincial Treasurer, make prompt and explicit answer in reply to any inquiries in relation to its transactions. 57 V., c. 13, s. 40.

CANCELLATION OR SUSPENSION OF LICENSES.

47. If at any time it appears to the Treasurer that the assets of any company are insufficient to justify its continuance of business, or are such that it is unsafe for the public to effect insurance with it, he shall make a special report on the affairs of the company to the Lieutenant Governor in Council; and if, after full consideration of the report and a reasonable time being given to the company to be heard, and if, after such further inquiry and investigation (if any) as the Lieutenant Governor in Council may see fit to make, the Lieutenant Governor in Council concurs in the report of the Treasurer, an order in council may issue, suspending or cancelling the license of the company and prohibiting the company from doing any further business, and thereafter it shall not be lawful for the company to do any further business in Manitoba until the suspension or prohibition is removed by the Lieutenant Governor in Council. 57 V., c. 13, s. 42.

48. Notice of the suspension or cancellation of any license and prohibition from doing any further business shall be published in *The Manitoba Gazette*; and thereafter any person transacting any business on behalf of the company, except for winding in its affairs, shall be deemed for each offence to be liable to the penalty provided by this Act. 57 V., c. 13, s. 43.

49. The suspension or cancellation or non-renewal of the license of any company, under 'The Insurance Act of Canada,' shall *ipso facto* in the respective cases operate as a suspension or cancellation of registry under this Act, without notice from the Treasurer; provided that, if the company's license shall be revived under 'The Insurance Act of Canada,' the Treasurer shall, on proof of such revival and payment of the fee hereinbefore provided for, grant said company a new certificate of registration. 57 V., c. 13, s. 44.

FORFEITURE OF CORPORATE POWERS.

50. The corporate powers of any company, whether incorporated under a special or a general Act of the Legislature of Manitoba, shall be forfeited by non-user during

any continuous period of four years, ending after the coming into force of this Act, whether commencing before or after such coming into force or if, after a company had undertaken contracts within the intent of this Act, such company discontinues business for one year, or if its license remains suspended for one year, or if its license is cancelled otherwise than by mere effluxion of time and is not renewed within the period limited by this Act; and thereupon the company's corporate powers shall *ipso facto* cease and determine, except for the sole purpose of winding up its affairs; and the Court of King's Bench, upon the petition of the Attorney General or of any person interested, may, by judgment or order, limit the time within which the company shall settle and close its accounts, and may for this specific purpose, or for the purposes of liquidation generally, appoint a receiver. 57 V., c. 13, s. 45.

LIQUIDATION.

51. When a company proposes to go into voluntary liquidation, at least one month's notice in advance shall be given to the Treasurer; the like notice shall also be published by the company in two consecutive issues of *The Manitoba Gazette*, and in some newspaper should the Treasurer so require; and the notice shall state the date at which contracts shall cease to be taken by the company, also the name and address of the company's liquidator, or the intention of the company to apply on a stated date for the appointment of a liquidator. 57 V., c. 13, s. 46.

52. At the winding up of a mutual or cash-mutual fire insurance company, after notice has been given as required by the thirtieth section of this Act, it shall be lawful for the directors of such company to reinsure out of the reserve fund the unexpired contracts for which premiums or premium notes have been taken, but such reinsurance shall be effected with some company licensed to transact business in the Province, and approved by the Treasurer. 57 V., c. 13, s. 47.

53. When any company is wound up, each person contracted with on the cash plan shall be entitled to a refund from the company of the unearned proportion of the cash premium calculated from the date at which the company according to the notice as provided for by this Act, ceases to undertake contracts; but this shall not destroy or defeat any other remedy such person may have against the company in respect thereof or for any other cause. 57 V., c. 13, s. 48.

54. Every receiver, assignee or liquidator of a company shall, until the affairs of the company are wound up and the accounts are finally closed, within seven days after the close of each month, file with the Court or other authority appointing him, and also with the Treasurer, detailed schedules showing in such form as may be required receipts and expenditures, and also assets and liabilities, and he shall, whenever, by the authority appointing him or by the Treasurer, required so to do, exhibit the office books and vouchers, and furnish such other information respecting the company's affairs as may be required; and any receiver, assignee or liquidator refusing or neglecting to furnish such information shall, for each offence, be subject to a penalty of not less than fifty dollars nor more than two hundred dollars, to be recovered on behalf of His Majesty for the use of the Province; and he shall in addition render himself liable to be dismissed or removed. 57 V., c. 13, s. 49.

PENALTIES.

55. Any director, officer, agent, employee or other person who, in contravention of the fourth section of this Act undertakes or effects, or agrees or offers to undertake, or solicits any contract, or collects any premium, on behalf of any company, without the company being licensed or registered under this Act, or if such license or certificate of registration has been suspended or cancelled without renewal or revival thereof, shall be liable to a penalty of two hundred dollars for every such contravention of this Act. 57 V., c. 13, s. 50.

56. Any violation of the forty-fourth section of this Act shall subject the company violating the same to a penalty of two hundred dollars for every violation, and to an additional sum of one hundred dollars for every month during which the company neglects to file such affidavits, statutory declarations and statements as are therein required; if such penalties are not paid, the Lieutenant Governor in Council may order such company's license or certificate of registration to be suspended or cancelled, as may be deemed expedient. 57 V., c. 13, s. 51.

56A. Any violation of section 13A of this Act shall subject the company violating the same to a penalty of \$10 for every such violation, to be recovered on conviction thereof before a justice of the peace. If such penalties are not paid the Lieutenant Governor in Council may order such company's license or certificate of registration to be suspended or cancelled, as may be deemed expedient. Any company, or any officer or agent of any company, causing any policy, interim receipt or other insuring document against fire loss to be printed, published or issued falsely bearing the words 'Licensed under "The Manitoba Insurance Act,"' or 'Registered under "The Manitoba Insurance Act,"' as the case may be, or to like effect, shall be liable to a penalty of \$200 for each offence, such penalty to be recovered on conviction before a police magistrate or two justices of the peace. 3-4 Ed. VII., c. 27, s. 3.

57. Any penalty imposed by this Act, when recovered, shall belong to the Province of Manitoba. 57 V., c. 13, s. 52.

58. All penalties imposed by this Act may be recovered by and before any police magistrate or two justices of the peace; the information or complaint shall be laid or made in writing within one year from the commission of the offence. 57 V., c. 13, s. 53, *part*.

58A. Except as hereinafter mentioned it shall be deemed an offence against this Act for any person, firm or corporation to insure or cause to be insured any property whatever, real or personal, situate in, or described in any policy, interim receipt or insuring document as situate in, any part of Manitoba against fire loss in any company not licensed or registered under the provisions of 'The Manitoba Insurance Act.' 3-4 Ed. VII., c. 27, s. 4.

58b. Any person, firm or corporation, and every officer of or agent or employee of any such person, firm or corporation having any actual knowledge of the facts, procuring any insurance against fire on any property, real or personal, in Manitoba, or described in any policy, interim receipt or insuring document as situate in any part of Manitoba, except by, from or through a special broker, in any company not licensed or registered under 'The Manitoba Insurance Act,' shall forthwith, and not later than one month from the effecting of any such insurance or of the receipt of any such policy, interim receipt or insuring document issued by or on behalf of such insuring company, which ever shall be first in point of time, notify the Treasurer of the Province of Manitoba in writing under oath of the terms of such insurance, the company with which such insurance is placed, and the amount of premium paid or payable or premium notes given or to be given, or mutual liability assumed in connection therewith, and shall pay to such Provincial Treasurer, for the benefit of the Province of Manitoba with such notice a sum equal to fifty per cent of the premium paid or payable or premium note given or to be given, or mutual liability assumed, in connection with such insurance, and shall be liable in an action brought by or in behalf of the Provincial Treasurer for the amount of the said fifty per cent of any such premium. 3-4 Ed. VII., c. 27, s. 4; 7-8 Ed. VII., c. 23, s. 1.

ployee or agent as aforesaid, as the case may be, acted in good faith in respect to such insurance, and believed the insuring company to be duly licensed or registered under 'The Manitoba Insurance Act,' and that the policy, interim receipt or insuring contract stated on its face that the insuring company was licensed or registered under 'The Manitoba Insurance Act.' 3-4 Ed. VII., c. 27, s. 4; 7-8 Ed. VII., c. 23, s. 2.

58*d*. The inspector, upon the annual payment of \$25, may issue a license to any person (to be known as a special broker) resident in the Province of Manitoba, subject to revocation at any time, permitting the person named therein to act as agent to procure policies of fire insurance from corporations, persons, partnerships, underwriters or associations which are not registered, licensed or authorized to carry on business in the Province of Manitoba. Before any insurance shall be procured under and by virtue of the said license there shall be made, by the licensed agent and the party desiring such insurance, an affidavit which shall be filed in the office of the inspector within fifteen days after the procuring of such insurance. Such affidavit shall have force and effect for one year only from the date thereof, and shall set forth that the party desiring insurance is, after diligent effort, unable to procure the amount required to protect the property sought to be insured from insurance companies duly authorized to carry on business in Manitoba, but such special broker shall not be required to file such affidavit if one relative to the same property has been filed within the preceding twelve months by any other special broker, nor shall any special broker offer any portion of such insurance to any company which is not possessed of cash assets amounting to at least \$25,000, nor to one which has, during the preceding twelve months, been in an impaired condition. The agent procuring policies in such unauthorized corporations, persons, partnerships, underwriters or associations shall keep a separate account thereof, open at all times to the inspection of the inspector, showing the exact amount of such insurance placed for any person, firm or corporation, the gross premium charged thereon, the name of the corporation, person, partnership, underwriter or association in which the same is placed, the date of the policy and the term thereof, and a description of the land upon which the property insured is situate. Each special broker, before receiving such license, and before transacting any business thereunder, shall execute and deliver to the inspector a bond to the Treasurer of Manitoba in the penal sum of one thousand dollars, with such sureties as the inspector shall approve, conditioned that the said agent will faithfully comply with all the requirements of this section, and will annually file with the inspector, on or before the thirty-first day of January in each year, a sworn statement of the gross premiums charged for insurance, procured or placed with corporations, persons, partnerships, underwriters or associations not authorized to do business in Manitoba, during the year ending on the thirty-first day of December last preceding, and, at the time of filing such statement, will pay to the Treasurer of Manitoba a sum equal to one and one-third per cent upon the amount of such gross premiums charged to policyholders upon all policies procured by him under the provisions hereof, and shall also be liable in an action brought by or on behalf of the Provincial Treasurer for the amount of the said one and one-third per cent, and shall also be liable, upon summary conviction before two justices of the peace or a police magistrate, to a penalty for neglecting to file the said affidavit or the said sworn statement, or for making a false statement, of not less than \$25 nor more than \$100, besides forfeiture of his said license. 7-8 Ed. 59. The Lieutenant Governor in Council, whenever he shall deem it expedient, may appoint any one or more qualified persons, not being officers of any other fire insurance company, to examine into the affairs of any mutual fire insurance company incorporated under the provisions of 'The Mutual Fire Insurance Act,' or of any prior statute of this Province relating to mutual fire insurance companies, or of any Acts amending the same, or to which the said provisions or any of them may apply, and also into the affairs of any other fire insurance company doing business in this Province; and it shall be the duty of the officers or agents of any such company to cause its books to be opened for the inspection of the person or persons appointed, and otherwise facilitate such examinations; and for that purpose such person or persons shall have power to examine, under oath, such officers and agents; and whenever it shall appear from such examination that the assets and financial position of such company are such as not to justify the continuance in business of any such company, the Attorney General may apply in a summary manner, on motion to the Court of King's Bench or to any Judge thereof, for an order requiring such company to show cause why the business of the company should not be closed; and the Court or Judge may thereupon proceed to hear the allegations and proofs of the respective parties, and in case it shall appear to the satisfaction of the Court or Judge that the assets and funds of the company are not sufficient as aforesaid, or that the interests of the public so require, the Court or Judge may decree a dissolution of said company's affairs, and may appoint a receiver to take possession of, collect and get in the assets and effects of the said company, and may order and direct that the affairs of the said company shall be wound up under the order and direction of the Court, and do all other matters and things necessary or requisite in the premises. SESSIONAL PAPER No. 8

61. The Court or any Judge by which or whom such receiver is appointed may also, upon his application, examine by a reference or otherwise, as it or he may deem proper, into the proceedings and acts of said company in the two last preceding sections referred to; and if it shall appear upon such examination that the directors or officers of such company, or any of them, have in any manner misapplied or improperly disposed of the funds, property or effects of such company, it shall be lawful for the Court or Judge to order and decree that such persons as may be found guilty of such misapplication or improper disposition shall pay the amount thereof to such receiver, and to enforce such order or decree by execution or by attachment, or by such process of the Court as shall seem expedient. VII., c. 27, s. 5.

INSPECTION OF INSURANCE COMPANIES LICENSED BY THE PROVINCE.

62. (1) The Lieutenant Governor in Council may appoint an officer to be called the inspector of insurance, who shall act under the instructions of the Provincial Treasurer, and his duty shall be to examine and report to the Provincial Treasurer from time to time upon all matters connected with insurance, as carried on by the companies licensed or required to be licensed by the Province under this Act, as well as by any of the societies and companies referred to in subsections (b) and (c) of section 3 of this Act which are not subject to inspection under any Act of the Parliament of Canada.

(2) The salary of the inspector shall be such sum per annum as the Lieutenant Governor in Council shall from time to time determine; and the Lieutenant Governor in Council may provide from time to time such assistance as may be found necessary, and appoint a deputy of such inspector. 5-6 Ed. VII., c. 34, s. 1.

63. The inspector shall keep on file the various documents required by this Act to be filed in his office, and shall keep a record of all licenses issued by the Provincial Treasurer. 5-6 Ed. VII., c. 34, s. 1.

64 (1) The inspector of insurance shall personally, or by deputy, visit the head or chief office in Manitoba of every such company at least once in every year, and shall carefully examine the condition and affairs of each company and report thereon to the Provincial Treasurer as to all matters requiring his attention and decision.

(2) In order to facilitate the inspection of an insurance company's books and papers, the company may be required by the inspector, with the approval of the Lieutenant Governor in Council, to produce, and thereupon the company shall produce, the said books and papers at the head or chief office of the insurance company in Manitoba, or at such other convenient place as the inspector may direct. The officer or officers of the company who have custody of the books shall be entitled to be paid by the company for the actual expenses of such attendance.

(4) It shall be the duty of the officers or agents of the company to cause their books to be open for the examination of the inspector, and otherwise to facilitate the examination so far as may be in their power; and the inspector, or deputy aforesaid,

8-9 EDWARD VII., A. 1909

shall have power to examine under oath any officer or agent of the company relative to its business.

(5) A report of all companies so inspected shall be entered in a book kept for that purpose, with notes and memoranda, showing the condition of each company; and, where a special examination has been made, a special written report shall be communicated to the Provincial Treasurer, stating the inspector's opinion of the condition and financial standing of the company, and all other matters desirable to be made known to the Provincial Treasurer.

(6) Every director, officer, manager, agent, collector, auditor or employee of a company, who, knowingly makes or assists to make any untrue entry in any of the company's books, or who refuses or neglects to make any proper entry therein, or to exhibit the same or allow the same to be inspected and extracts to be taken therefrom, shall be guilty of an offence punishable, on summary conviction before any police magistrate or two justices of the peace, by a fine not exceeding fifty dollars and, in default of payment, by imprisonment for a term not exceeding six months. 5-6 Ed. VII., c. 34, s. 1.

65 (1) If it appears to the inspector that the assets of any company are not sufficient to justify its continuance of business, or that the company is unsafe for the public to effect insurance with, he shall make a special report on the affairs of the company to the Provincial Treasurer.

(2) After full consideration of such report and a reasonable time being given to the company to be heard, and if, after such further inquiry and investigation (if any), as he may see proper to make, the Provincial Treasurer reports to the Lieutenant Governor in Council that he agrees with the inspector in the opinion expressed in his report, then, if the Lieutenant Governor in Council also concurs in such opinion, an order in council may issue suspending or cancelling the license of the company, or prohibiting the company from doing any further business, and thereafter it shall not be lawful for the company to do any further business in Manitoba, until the suspension or prohibition is removed by the Lieutenant Governor in Council. 5-6 Ed. VII., c. 34, s. 1.

66. Notice of the suspension or cancelling of any license, or prohibition from doing any further business, shall be published in *The Manitoba Gazette*; and thereafter any person transacting any business in behalf of the company, except for winding up its affairs pursuant to this or any other Act, shall be deemed to have been guilty of an offence punishable as provided in subsection (b) of section 64 hereof. 5-6 Ed. VII., c. 34, s. 1.

67. Wherever the affairs of any insurance company doing business in Manitoba appear to require the same, the inspector of insurance, with the approval of the Lieutenant Governor in Council, may, at the expense of the company, have abstracts prepared of its books and vouchers and a valuation made of the assets and liabilities; and the certificate of the inspector, approved of by the Provincial Treasurer, shall be conclusive as to the expenses to be paid by the company in respect thereof. 5-6 Ed. VII., c. 34, s. 1.

68. Neither the inspector of insurance, nor any officer under him, shall be interested as a shareholder, directly or indirectly, with any insurance company. 5-6 Ed. VII., c. 34, s. 1.

69 (1) Towards defraying the expenses of the office of the inspector, a sum not exceeding \$3,000 shall be annually contributed by the companies required to be inspected under this Act.

(2) The amount to be annually contributed by the insurance companies under the provisions of the last preceding subsection shall be assessed pro rata and based on the gross annual premium income as shown by the books of the several companies on the thirty-first day of December next preceding.

(3) All sums payable under this Act to the Provincial Treasurer shall be so paid before the issue of a renewal of the license, or, in the case of companies not required

The following particulars as to a stated case and judgment therein furnished by the Solicitor for the Liquidator will be found interesting and instructive:—

IN THE HIGH COURT OF JUSTICE.

In the matter of the Mutual Reserve Life Insurance Company.

Case stated for opinion of Court on several questions arising in the liquidation.

1. The reserve values upon different policies were computed by the Superintendent of Insurance at the request of the Liquidator. The method adopted by the Superintendent and his Actuaries in ascertaining the reserve value of the different policies is shown by the correspondence between the Solicitor for the Liquidator and the Inspector, copies of the letters being hereunto attached and forming part of this case.

2. Specimens of the policies used, the articles of incorporation of the company, and its by-laws, forms of the liens executed by the policy-holders and, so far as the same may be deemed relevant or material, the different rate books used by the company are also produced and form part of this case.

3. The first question submitted is, what is the proper course to pursue with regard to,

(a) Due premiums, i.e. premiums past due at the date of liquidation where the policy had not lapsed owing to the thirty days of grace allowable.

(b) With reference to deferred premiums, i.e., premiums payable by instalments where portions of the premiums for the current policy year had not matured at the date of liquidation.

With regard to each of these classes,

(1) Should such premiums be disregarded altogether?

(2) Should they be deducted from the reserve value placed upon the policies by the department?

(3) Or, should they be deducted from the dividends?

4. How should deferred premiums be dealt with in the case of assessment policies?

5. Certain policies contain what has been called by the company a safety clause, that is a clause of the words following:—

‘If the (net) value of the funds of the association, after providing for outstanding claims and other accrued liabilities, is at any time less than the reserve required by its policy contracts, or by law, this policy shall be chargeable with its equitable share of such deficiency, as determined by the actuary of the association, as an interest bearing loan upon such reserve, constituting a lien against the insurance hereunder, and any dividends or surpluses accruing thereon, which lien may, at the election of the member, be paid in cash and cancelled.’

8-9 EDWARD VII., A. 1909

In pursuance of this clause certain assessments were made or liens declared by the company. These policies were not marked as 'assessment policies.'

(1) Is this clause valid, and are the assessments made thereunder a lien upon the policy?

(2) Does the absence of notice of the making of any assessment invalidate it?

(3) Has the making of any assessment under this clause any effect upon the amount for which the policy should rank in the liquidation? It is contended by policy-holders that this clause was a device by which a condition of solvency might be maintained by charging against each policy its appropriate share of losses which had actually been made by the company, and that the amount properly chargeable against the policies represents the amount by which the assets of the company were expected to fall short of meeting the liability upon the current policies, and that this loss will in the liquidation be represented by the amount by which the assets are found inadequate to pay the claims filed in full.

(4) If these assessments are valid, should the amount be deducted from the reserve or from the dividend?

6. What is the position of policies issued between 1899 and 1904 with regard to liens thereon:

(a) As to original liens?

(b) As to assessments or deficiency liens?

The company was governed during these years by the provisions of section 42A of the Insurance Act in the Revised Statutes of 1896.

7. How should liens created under the Act of 1904 be dealt with?

8. How should liens upon policies governed by the agreement between the Mutual Reserve and the Northwestern Life be dealt with? A copy of this agreement and of the lien agreements and of the rider issued in pursuance thereof are put in.

9. How should reinstatement liens be dealt with? As these liens are non-interest bearing liens maturing only in the event of death the policy-holders claim that the reserve value of the policy should be reduced by the proportion which the amount of lien bears to the face amount of the policy.

10. How should liens for advances be dealt with? Should the amount of these liens be deducted from the reserve or from the dividend?

11. What is the effect of the 'automatic extension lien' where this has been acted upon to the extent of preserving the policy for some time but the reserve value has not been entirely exhausted? By automatic extension lien is meant a provision in the policy by which in default of payment the reserve value of the policy is until the value is exhausted used to discharge accruing premiums, the reserve being charged with a lien for the amount so used with interest compounded. So soon as the reserve is entirely exhausted the policy lapses.

12. Deficiency liens were assessed upon assessment policies in 1905, 1906 and 1907. Notice of the making of these assessments was given to the policy-holders. Does this affect the validity of the assessments?

13. Assessments were made against term policies in 1905, 1906 and 1907. Liens assessed in 1905 and 1906 were disallowed by the New York Insurance Department, and the amounts so disallowed with interest were included in the lien levied in 1907. No notice to the policy-holders was given of any of these assessments. The policy-holders contend that there is no provision in the policy authorizing the making of any assessment. The company rely upon article 7, section 2 of the by-laws as authorizing the assessment. The safety clause above quoted is not inserted in any of the policies falling in this class.

14. Are the Northwestern policies subject to the liens declared in 1905, 1906 and 1907?

15. What effect is to be given to lien notes? These notes apply to pay life policies and contract reserve policies. The policies contain a provision authorizing the payment of a portion, one-third, of the premium by the giving of a note, the form of

SESSIONAL PAPER No. 8

which is attached, the idea being that the business would be run at a profit and these notes would ultimately be paid from profits, the amount of such lien notes to be deducted from the reserve values or from the dividends.

16. Certain policies contain what is known as the survivorship bonus clause, providing as follows:—

‘It is agreed with the insured hereunder that the sum of one dollar (\$1) per thousand from the first and each succeeding annual cash premium payment made within 20 years, hereafter on policies of similar plan and form hereto, issued by the said association between 190 , and 190 , inclusive, shall constitute a survivorship-bonus fund, and at the expiration of 20 years from the said mentioned date, that portion of said fund and its earnings arising from contributions thereto by policies issued as above which terminate by death or non-payment of premiums thereon within 20 years from their date, shall be divided among the insured under such of said policies, as have continued in force under their original premium paying conditions throughout the full period aforesaid, who are then living, proportioned to the amount of insurance held by each, the same to be an additional cash payment.’

This clause has not been regarded by the Department in ascertaining the values of the policies. In none of these policies has the twenty-years term expired.

17. A summary showing the amount of the different classes of liens on the different classes of policies is filed as a part of this case.

Judgment of Mr. J. A. McAndrew—Official Referee.

The company is being wound up under the provisions of the Dominion Winding-up Act, chapter 144, R.S.C., and in the distribution of the funds in the hands of the liquidator, realized from the securities held by the Minister of Finance and trustees, several questions have arisen as to the rights of various classes of policy-holders in Canada amongst whom these funds are distributable. A case has been stated for my opinion upon these questions. Solicitors were appointed by me to represent the various classes of policy-holders whose interests were diverse or conflicting and I have heard argument upon the case as stated.

The various policies held by policy-holders in Canada and entitled to participate in these funds have been valued by the Department of Insurance under the provisions of the Winding-up Act. Upon these valuations an interim dividend of forty per cent is being paid, the liquidator under my directions, retaining from these dividends, pending the disposition of the various questions raised, all possible claims he might have on behalf of the company against the policy-holders. The questions raised in the stated case relate to the deductions made by the liquidator from the values placed by the Department on the policies or rather from the amounts payable on the basis of such values.

The basis of valuation adopted by the Department as explained in the letter of Mr. Fitzgerald forming part of the stated case is undoubtedly the correct one. The present value of the company's obligation to the policy-holder and the present value of the future net premiums payable to the company by the policy-holders being ascertained, the excess of the former over the latter forms the value of the policy and this value constitutes the claim of the policy-holders to rank upon the funds to be distributed. By section 163 of the Winding-up Act the policy-holders in Canada are entitled to claim for the full net value of their policies at the time of winding up, less any amount previously advanced by the company on the security of the policies. This net value must be ascertained in the way indicated. It is not quite clear to me that the calculations have in every case been made upon this basis.

8-9 EDWARD VII., A. 1909

I am of opinion that in arriving at the net values of the policies regard must be had to every claim of the company for due or deferred premiums, special calls, assessments and liens of any kind, which have been made, imposed or have arisen under the terms of the policy, omitting only consideration of amounts previously advanced by the company on the security of the policies. The net value of each policy must be ascertained and it is only in the case of advances on the security of policies that any deduction from these net values is made after the ascertainment. How is this net value to be ascertained in each of the various classes of cases mentioned in the stated case?

Bearing in mind that there are two present values to be computed—First, the present value of the obligation of the company under the policy, and second, the present value of future net premiums payable by the policy-holder. I think that it is in the first of these computations that due and deferred premiums and liens of different kinds are to be considered. It is true that in the case of some of these claimed liens, the policy states that they are chargeable as interest bearing loans, but I am of opinion that they do not come within the terms of section 163 to be treated as amounts previously advanced on the security of the policies.

Dealing first with the case of policies on which there were due or deferred premiums at the date of the winding up, the proper procedure would be to ascertain in the first place what is the present value of the policy assuming that the full annual premium had been paid at the beginning of the policy year, deduct from such present value the full amount of the due or deferred premium, which is an obligation of the policy-holder, and from the balance deduct the present value of the future net premiums. The net value of the policy is then obtained.

The same result is obtained by deducting the amount of the due or deferred premium from the value now on the lists, but though the result is the same the methods of reaching that result are different, and in the present circumstances the onus is thrown on the liquidator of justifying the deduction of these due and deferred premiums from the values placed on the policies by the Department and the method adopted has led to the error of deducting these premiums from dividends. Questions 1, 2, 3 and 4 under paragraph 4 of the stated case, if my view is correct, may be disposed of by deducting the due and deferred premiums from the reserve values given in the filed list.

In the case of assessment policies referred to in paragraph 5, the policies should be valued on the assumption that the assessments made have been paid, and from the values obtained should be deducted the amounts of the deferred premiums. In dealing with policies containing 'the safety clause,' the first point for consideration is the validity of the clause. The validity or invalidity of the clause is to be determined by what appears in the stated case, without regard to any contention that the policies containing the clause were accepted through fraud or misrepresentation of the company, and without regard to the question whether or not the funds of the company, after providing for accrued liabilities, were less than the reserve required by its policy contract and whether or not the deficiency had been determined, and properly determined by the actuary so as to justify the imposition of the liens. The simple question is, had the company power to impose the lien? I think that in the case of all policies containing this 'safety clause' the company had this power and that the amounts of the liens so imposed should be taken into consideration in fixing the value of the policy. In this view how then should the value of the policy be arrived at? It is an obligation of the policy-holder and the present value of the lien should be deducted from the present value of the obligation of the company assuming the non-existence of the lien, and from the balance should be deducted the present value of future net premiums. The result will be the net value of the policy for ranking purposes. Mr. Fitzgerald states that where mortuary liens had been imposed in pursuance of the 'safety clause,' such mortuary liens have been valued. The values there-

SESSIONAL PAPER No. 8

fore given in the lists are the net values for which the policy-holders are entitled to claim. The amount of these liens should, of course, not be deducted again by the liquidator either from the reserve or from the dividend. This answers the questions raised in paragraphs 6 and 7 of the stated case.

Liens created under the Act of 1904 referred to in paragraph 8, liens under Northwestern policies referred to in paragraph 9, reinstatement liens mentioned in paragraph 10 and original liens and reserve liens referred to in paragraph 12 should be dealt with in the same way as liens imposed in pursuance of the 'safety clause.' The value of these liens should be deducted from the present value of the company's obligation under the policies before deducting the present value of future net premiums. Whether this has been done by the department or not does not appear.

The answer to the question submitted in paragraph 11, is that the advance should be deducted from the net value of the policy.

The effect of the automatic extension lien is the production of the same result as in the case of other liens imposed. The net value of the policy is the unexhausted reserve value after deduction of the present value of future net premiums. In assessment policies failure to give notice of the assessments for 1905 and 1906 invalidated the assessments.

Only in cases in which the policies contain 'safety clause,' can the lien imposed in 1907 be taken into consideration. In these the lien is to be treated as before indicated. Northwestern policies are subject to the liens declared in 1905, 1906 and 1907, if these liens were imposed in accordance with the agreement between the companies. The same effect is to be given to lien notes as to the liens before dealt with. The survivorship bonus clause in view of the fact that in none of the policies has the twenty-year term expired, can in my opinion have no effect upon the net value of the policy.

MEMORANDUM.

MUTUAL RESERVE LIFE INSURANCE COMPANY.

After the hearing of the stated case the matter was reopened and further evidence was adduced before the referee, and the evidence was submitted to Mr. Bradshaw, an actuary, whose report thereon was accepted by all parties as evidence, and after further argument a supplemental judgment was delivered by the referee.

Supplemental Judgment, May 26, 1909.

Since the argument of the stated case and delivery of judgment, additional correspondence with the Department of Insurance, a report from Mr. Bradshaw and copies of the notices respecting the special call of 1907, and deficiency liens imposed thereon, have been put in. The facts now disclosed put a somewhat different face upon the question as to whether or not these special calls or deficiency liens should be deducted from the reserve values placed by the Department upon the policies.

From the notices sent it appears that the 'Special Call' is made upon each certificate or policy and the holder thereof, under which the cost of insurance is to, or may, be provided in whole or in part by assessment, the object of the call being stated to be to re-establish the reserve or emergency fund at the amount required by law, and the determination of liabilities in said class by the examiners of the Insurance Department of the State of New York, and to provide for the payment of outstanding death losses, payable through assessment upon the membership, thereto-

8-9 EDWARD VII., A. 1909

fore unassessed for. The call was not payable until March 2, 1908, a date subsequent to the date of the winding up order.

My judgment as to the validity of this special call in the case of certain policies containing the 'safety clause' was based upon the evidence then before me, viz.—that the policies contained such a clause and a call had been made and deficiency liens for the amounts imposed, and that the amounts had been taken into consideration by the Department in arriving at reserve values. It now appears that the Department did not take these calls or deficiency liens into account, and the notices sent by the company disclose additional facts, which enable me more effectually to dispose of the question in issue. The length to which I intended my ruling to go was that in regard to policies containing the 'safety clause' the company could validly make a call in pursuance of the provisions of the clause, and that there was nothing before me to establish the invalidity of the claim that the amount of the call should be deducted from the reserve value of policies. The fact that the company did not assume to make the call or impose the deficiency lien in pursuance of this safety clause, but in pursuance of the by-laws of the company, which by-laws are not made part of any of the policies containing the safety clause before me, and the further fact that the call was made upon certificates or policies under which the cost of insurance is to, or may, be provided in whole or in part by assessment, would seem to me to render invalid the call as against the policy-holders whose policies are not strictly assessment policies.

By the Act 4 Edward VII., Chap. 101, section 3, paragraph (i) it is provided that the company shall have no authority to make and shall not make after the date of its license, any assessment whatever upon its assessment policies or any of them, except upon policies continued under the provisions of paragraph (dd) of said section. In order that this special call or deficiency lien should be effective, the policies must in the first place be assessment policies to come within the notices sent, and in the second place the company had not the right to make assessments upon assessment policies not within the provisions of paragraph (d) as above. The policies containing the safety clause are not assessment policies, therefore the call of 1907 does not affect them.

The only Canadian policies that can be affected are those mentioned above as continued after 1904 under the provisions of the Act of that year.

But in addition to the consideration mentioned, account must be taken of the fact that the special call was not payable until March 2, 1908, and the winding up order was made early in February of that year. No lien for the amount of this special call has attached to any policy at the date of winding up, and cannot therefore be taken into consideration in fixing the amount of the claim for which the policy-holder should rank upon the Government reserve fund. Any claim the liquidator as representing the company might have in respect of the unmatured special call could not be enforced by way of set off against the reserve value of a policy. At most it would be a claim to be enforced like any other claim, but the liquidator's claim in respect of such special call is in no higher position than a claim for deferred premium. The policy-holder need not pay it and the only remedy for default in payment—cancellation of the policy—cannot affect the reserve value of the policy. Deferred premiums were taken into account solely because the departmental valuation had been made on the assumption that the deferred premiums had been paid.

In settling the list of claims of policy-holders which are to rank on the Government reserve fund, no account should be taken of the special calls made or deficiency liens imposed.

TORONTO, May 26, 1909.

COPY OF ORDER.

IN THE HIGH COURT OF JUSTICE.

In the matter of the Mutual Reserve Life Insurance Company, and in the matter of the Winding-up Act, Revised Statutes of Canada, Chapter 144.

(Stated Case *re* liens.)

Certain questions having arisen in the course of the liquidation involving general questions applicable to a large number of policies which can be conveniently represented by solicitors appointed for the purpose of class representation, the liquidator stated a case for my opinion, and I appointed different solicitors to represent different classes of policy-holders concerned, and I was attended by the said solicitors and by the solicitors for the liquidator, and after hearing what was alleged by all parties concerned and after reserving my judgment, I do not adjudge and determine with respect to the questions submitted by the said stated case:—

1. The mode adopted by the Government actuaries in ascertaining the value of the policies for the purpose of ranking upon the estate is correct.

2. I determine that due premiums and deferred premiums should be deducted from the ranking value of the policies as ascertained, and should not be deducted from the dividends.

3. The amount of due premiums so to be deducted should be the gross premium; the amount of deferred premiums to be deducted should be based upon the net premium.

4. Inasmuch as assessment policies only rank for the unearned portion of premiums paid at the date of the liquidation no deferred premium can be charged.

5. The assessments made in 1905, 1906 and 1907 (called in statement filed deficiency liens) are invalid and should be disregarded by the liquidator.

6. The liens created under the Act of 1904 with interest up to the date of liquidation should be deducted from the ranking value of the policies.

7. The liens assessed upon the Northwestern policies under the agreement with that company are valid, and the said policies properly bear the extra mortality lien provided for by that agreement.

8. In the case of reinstatement liens which are non-interest bearing the present value of the lien having regard to the expectation of life of the policy-holder should form a charge upon the reserve value.

9. The amount of liens for advances with interest to the date of liquidation should be deducted from the reserve value.

10. Original liens and reserve liens should be dealt with in the same way.

11. Automatic extension liens to the extent to which the reserve value has been resorted to, to maintain the policy should be deducted from the reserve value.

12. The amount due upon lien notes is to be deducted from the reserve value of the policy.

13. The survivorship bonus clause has no effect upon the ranking value of the policies.

Dated at Toronto, this 31st day of May, 1909.

THE INSURANCE ACT.

Probably almost every one who will be likely to read this report is aware of the fact that legislation regarding insurance has been under consideration by the Parliament of Canada during the past two sessions. In the session of 1907-8 a Bill was introduced and discussed for several days before the Select Standing Committee on Banking and Commerce, but was not reported by that body. Last session a modified form of the Bill of the previous session was introduced in the House of Commons and in due course was referred to the Committee on Banking and Commerce, and after being discussed at great length before the full committee was referred to a sub-committee consisting of eleven members, which sub-committee was presided over by the chairman of the full committee. The sub-committee considered the Bill clause by clause, and after varying and amending some of the contentious provisions thereof, reported the Bill practically unanimously to the full committee, which adopted the sub-committee's report without material alteration. This report was subsequently considered in committee of the whole House, and the Bill was on the 17th day of May read the third time and passed by the House of Commons. It was on the same day introduced in the Senate, but as the session closed on the 19th of May, there was not sufficient time for the proper consideration of such a lengthy and important measure, and it consequently failed to become law.

In view of the fact that only a couple of provisions in the Act as it passed the Commons have met with serious opposition, it is confidently expected that during the next session it will, without any very material alteration, be placed upon the Statute-book.

I have the honour to be, sir,
Your obedient servant,
W. FITZGERALD,
Superintendent of Insurance.

* The amounts in this column give the *pro rata* of gross premiums for the unexpired terms of all policies of the several companies in force at December 31, 1908, as provided by the statutes in that behalf. Upon the assumption that adequate premiums have been collected these amounts may be regarded as considerably in excess of the sums which would ordinarily be required to pay the losses to accrue under outstanding risks, a fact which may properly be taken into account in the case of individual companies in considering questions of actual or probable as distinguished from *legal* surplus, declaring dividends, impairment of capital and other cognate subjects.

+ In December, 1906, the capital stock of this Company, which was formerly \$1,000,000, was further increased by an issue of \$550,000 7 per cent preference stock, subscribed for at a premium of 25 per cent. The total subscribed capital now stands at \$1,400,000, of which there had been paid in up to the date of the return \$1,399,029.79.

SESSIONAL PAPER No. 8

† The capital stock of this Company which had previously been \$500,000, the whole of which was subscribed and \$125,000 paid thereon, was by chapter 83 of the Statutes of 1904, reduced to \$250,000, the amount paid up remaining unchanged. An additional \$125,000 was paid in out of surplus in 1905, making the capital fully paid up.

a \$150,000 was paid into the capital stock of this Company during the year 1904, and under the provisions of chapter 110 of the Statutes of 1904 the paid up capital was reduced to \$100,000, the same amount at which it stood at the end of 1903. Further calls received during 1907 bring the paid-up capital to \$125,000. The subscribed capital was reduced from \$500,000 to \$250,000, at which it now stands.

b In December, 1906, preference stock of this Company to the amount of \$500,000 was called in and cancelled, and a new issue of \$100,000 7 per cent preference stock was made at 25 per cent premium. The total capital stock is now \$2,500,000, fully subscribed.

c Deposit capital.

* The amounts in this column give the *pro rata* of gross premiums for the unexpired terms of all policies of the several companies in force at December 31, 1908, as provided in the statutes in that behalf. Upon the assumption that adequate premiums have been collected these amounts may be regarded as considerably in excess of the sums which would ordinarily be required to pay the losses to accrue under outstanding risks, a fact which may properly be taken into account in the case of individual companies in considering questions of actual or probable as distinguished from *legal* surplus, declaring dividends, impairment of capital and other cognate subjects.

FIRE DEPARTMENT.

The net premiums were £1,023,005 9s. 5d., and the losses, after provision for exceptional claims in respect of Valparaiso and Jamaica earthquakes, amounted to £579,870 7s. 7d., being 56·6 per cent. of the premiums. The appreciation during the year in the value of the shareholders' securities allows of the repayment to profit and loss of the amount taken from that account last year, and leaves the investment reserve fund at £25,092 18s. 8d., a sum more than sufficient to meet the depreciation at 31st December, 1908.

PROFIT AND LOSS ACCOUNT.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1908.

FIRE DEPARTMENT.

The fire premiums, after deducting reinsurances, amounted to £543,263 14s. 7d., as against £538,649 16s. 2d. in 1907, showing an increase of £4,613 18s. 5d., and the losses, after making the same deduction, to £307,150 8s. 1d., as against £301,519 6s. 7d. in 1907, being 56·53 per cent of the premiums.

The expenses and commission together amounted to £197,946 3s. 10d., being 36·43 per cent of the premiums.

After providing for losses, expenses, bad debts, and for the additional premium reserve (£1,100) required by the increase in premiums during the year, there was a profit on the trading account of £36,822 13s. 9d. Adding to this the interest on the reserve funds, which amounts to £30,407 18s. 4d., there results a profit of £67,230 12s. 1d. Out of this sum the Directors have increased the general reserve fund by £10,000, leaving a balance of £57,230 12s. 1d. to be transferred to profit and loss. The premium reserve fund now amounts to £240,950, and the general reserve fund to £520,000 making the total fund in this department £760,950.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1908.

FIRE DEPARTMENT.

The premiums received last year amounted to £1,229,247, showing, in comparison with the premiums of the previous year, a decrease of £39,221. The losses incurred amounted to £704,524, or 57·3 per cent of the premiums. The general average of the experience of the Company from the beginning is now 58·7 per cent, or, including its provision for losses on current risks, 60·09 per cent. The expenses of management (including commission to agents and charges of every kind) came to £452,578, or 36·8 per cent of the premiums, a ratio 1·8 more than that of the previous year.

The result is that, after charging the account with £614,624, being 50 per cent of the premiums of the year, and crediting it with £634,234, the amount similarly charged in 1907, there remains a credit balance of £92,025, which, as usual, has been transferred to the profit and loss account.

PHŒNIX OF LONDON—*Continued.*

PROFIT AND LOSS ACCOUNT.

After payment of the dividends in 1908 and of a closing item of £7,234 in connection with the expenses of the amalgamation, the amount standing to the credit of profit and loss, including £205,504 transferred from the fire account, was £331,068. From this sum the directors have set aside £64,178 as an addition to the general fire reserve, increasing that reserve to £700,000, and have credited the accident and general fund as before stated with £16,378, making that fund up to £40,000. These operations leave an available balance in profit and loss of £250,512, out of which the directors recommend the payment of a final dividend for the year 1908 of 18s. per share, free of income tax, upon the 68,062 shares now forming the capital of the company, which will absorb £61,256. This dividend, with the interim dividend of 12s. per share paid on the 31st October last, makes a total of 30s. per share for the year, free of tax.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1908.

The gross premium income was £358,953 16s. 1d., as against £381,149 12s. 8d., and the interest from investments, £18,819 3s. 4d., as against £18,469 5s. 7d., to which has to be added the sum of £7,552 7s. 9d. profit on realization of investment, the total income being £385,325 7s. 2d., as against £399,618 18s. 3d. The falling off in income is mainly due to changes in connection with the new Workmen's Compensation Act, and to the depression in trade.

The amount disbursed in respect of claims was £203,154 14s. 11d., as against £205,080 6s. 3d., a proportion of 56·59 of the gross premium income, as against 53·80 in the previous year. The rebates, and bonus to policy-holders in the form of reduction in premiums, amounted to £15,652 5s. 6d.

After payment of all charges and including a balance of £210,174 17s. 1d., brought forward from the previous year, there remains a credit balance of £251,733 15s. 6d. The directors recommend that, after making provision for current risks, for outstanding claims and carrying to the reserve fund a sum of £5,000, a dividend of 5s. per share be paid, making (with the interim dividend of 3s.) 8s. per share for the year, free of income tax.
